# ARABS TEAR DOWN U. S. FLAG

Pentagon To Ask:

## A-Ship, Missile Money

Manpower Boost For Emergency Also Eyed

WASHINGTON (INS) — Defense Secretary Charles E. Wilson said Tuesday the administration will ask Congress for enough money to build an atomic-powered surface warship and to increase guided missile purchases by a third next year.

Wilson also told a news conference he will request that the armed forces manpower ceiling be raised from the present 2,550,000 to 2,900,000. He said this would furnish a "bank" of 50,000 men for use in an emergency.

Altogether, defense budget requests to be submitted to Congress next month will be about two billion dollars higher than this year's appropriations.

Actual spending during the 1957 fiscal year beginning next July is expected to be 35 and one-half billions one billion more than in fiscal 1956.

**'Don't Know'**  
The Pentagon chief said "we don't know" whether Russia or the U.S. is ahead in building long-range missiles which are regarded as the "ultimate weapon" of the future.

He estimated that it will be five years before 5,000-mile intercontinental missiles can be launched, but said "I don't think we really know. We don't know that Soviet Russia has concentrated on 'ballistic' missiles from World War II to date, using largely German techniques."

"We can speculate on where they are, but my honest opinion is that we don't know," Wilson said. Congress will be asked to appropriate one billion dollars for guided missiles, a boost of 250 million dollars over this year's figures.

**'Rather Large'**  
Wilson said the new A-powered warship will be "some kind of a cruiser — a rather large warship." Asked if it will fire guided missiles, he said: "I think it would have all the modern requirements."

The Defense Secretary also revealed that there have been "substantial improvements and scientific breakthroughs that make the atomic-powered airplane look more feasible."

He cautioned, however, that it is too early to start building such a plane, because "the power plants must be made to work well on the ground before they can take the air."

**New Requirement**  
He said "we are not trying to build a 'shutpoke,'" which he identified as a bird that can fly but doesn't amount to much. He explained that the design for the A-powered plane will have to meet modern military requirements before it is built.

Wilson's projected "bank" of 50,000 men would be an entirely new wrinkle in the military services. They would not actually get the men unless they could prove to the Defense Secretary that they were needed.

If no absolute need for manpower increases are shown, Wilson said, the actual ceiling will remain at 2,550,000 men — 1,032,000 in the Army, 975,000 in the Air Force, and the rest in the Navy and Marines.

## Cops, Havelock Group Team Up To Play Santa

The Lincoln Police department, in co-operation with the Kco-leh-ah Trimmets Havelock Tops Club, delivered a station wagon full of groceries, clothing and gifts to a Lincoln family Tuesday night.

The police department had received a letter from a 12-year-old girl telling that last year her family had no Christmas because her father was ill. This Christmas the mother is in the hospital and Christmas hopes were bleak. There are five children in the family.

Police turned the letter over to the Havelock club, which provided the gifts for each of the five children. The police in turn delivered the gifts to the family.

ALBERT A. HELD

## Held New Chamber President

### Bank Officer Succeeds Hale

Albert A. Held, executive vice president of the National Bank of Commerce, Tuesday evening was named president of the Lincoln Chamber of Commerce. He succeeds Merle M. Hale, vice president and general manager of the Lincoln Telephone and Telegraph Co.

Other officers named at the directors' annual meeting at the Country Club were:

Burnham Yates, First National Bank, first vice president, succeeding Willard E. Townsend, Best Laundry and Cleaners.  
John M. Campbell, Miller & Paine, Inc., second vice president, succeeding Glenn A. Baldwin, General Tobacco & Candy Co.  
Blanchard Anderson, First Trust Co., third vice president, succeeding Chauncey E. Barney, attorney.  
George X. Smith, Weaver-Minier, Ltd., treasurer, succeeding Held.  
Archie J. Bailey, secretary, re-elected.

**Directors Installed**  
The seven recently-elected directors were installed for three-year terms. They were: Robert Ammon, John R. Hedge, Dean Jones, Ray Osborn, James Stuart, Ervin E. Peterson and Tom M. Sweeney.

Completing their terms were vice presidents Townsend, Barney and Baldwin, Edwin Shultz and Carl C. Hudson. Hale remains on the board for an additional year as immediate past president, succeeding John E. Curtiss.

In reporting on 1955 activities, retiring president Hale said the year was notable for Lincoln's approach to the 125,000-mark in population.

He attributed the increase largely to the heavy influx of Air Base personnel, and cited many Chamber activities in connection with the Base. He also cited Chamber participation in conferences on the Lincoln Veterans Hospital and many activities dealing with business expansion, governmental affairs and community development.

New organization of the Chamber's board of directors will be complete after Dec. 31 when Charles S. Elce, an appointed director and Miss Lois Tefft, past president of the women's division, complete their terms.

President Held announced that committee chairmen would be named soon.

## -Shakeup- Eden's Cabinet Shifts

Selwyn Lloyd, 51, New Foreign Secretary

LONDON, (Wednesday) — Prime Minister Eden today shook up his government, naming as Foreign Secretary Selwyn Lloyd, a sharp-tongued, 51-year-old lawyer who has a reputation for blunt talk to the Russians.

Former Foreign Secretary Harold MacMillan, 61, took over direction of Britain's financial policies as Chancellor of the Exchequer.

Richard A. Butler stepped out of the job of chancellor to become Lord Privy Seal and leader of the House of Commons. The 53-year-old Butler also will direct policy at Conservative Party headquarters.

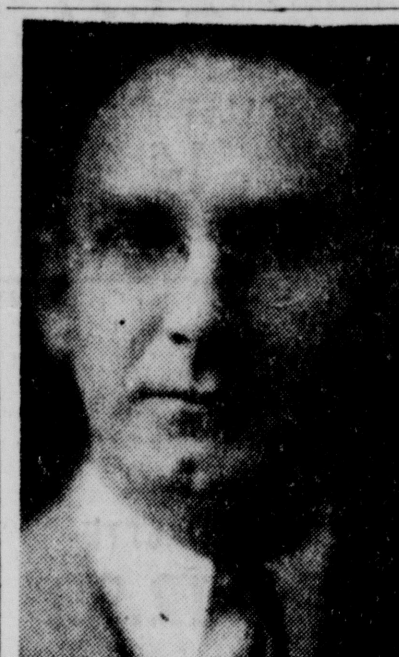

These were the top changes in a shakeup that extended throughout the Cabinet. The shifts were aimed at strengthening the government in the face of rising criticism of inflation at home and threats of increased Communist pressure abroad.

**Own Team**

For the first time since the general election last May, Eden now has his own team at the controls. Heretofore, the government was largely unchanged from the one Eden inherited from former Prime Minister Sir Winston Churchill.

The sweeping changes represent Eden's answer to Laborite charges that he has been a "ditherer" heading an indecisive government.

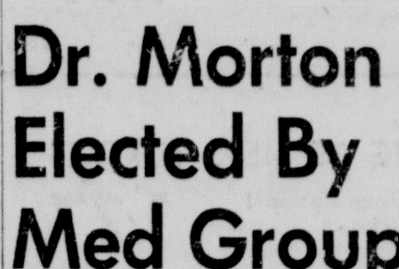

For the United States and Britain's other allies around the world, major interest centered on the elevation of Lloyd to the Foreign Ministry. A hard debater in the House of Commons and a tough bargainer at international conferences, Lloyd knows the ropes at the Foreign Office.

DR. H. B. MORTON

Dr. Miller

Dr. Wiedman

## Dr. Morton Elected By Med Group

Dr. H. B. Morton was named president-elect of the Lancaster County Medical Society Tuesday night. He will take office as president in 1957.

Dr. R. Richard Miller, named president-elect last December, succeeds Dr. J. Marshall Neely as head of the county organization.

Also elected at a meeting was Dr. Wilbur G. Wiedman to succeed Dr. M. P. Brolmsa as secretary-treasurer.

CHARLES C. HELLMERS

## C. C. Hellmers Dies; Former Utility Officer

Charles C. Hellmers, 72, former district manager of the Central Electric and Gas company, and active in civic affairs, died Monday in Indianapolis, Ind., according to word received by Lincoln friends.

Funeral services will be held in St. Louis at 3 p.m. Tuesday, Dec. 27.

Mr. Hellmers is survived by his wife, Estelle, a daughter, Mrs. Elizabeth Neijbor, Pamona, Calif., and a son, Charles, Jr., of Indianapolis.

Mr. Hellmers had retired from the gas company in 1948 after forty years in the public utility business. He then moved to Weslaco, Tex., where he operated a fruit farm until 1954. While in Weslaco he was president of the Chamber of Commerce. He moved to Indianapolis last year.

**Past Kiwanis President**  
"Mr. Hellmers was a past president of the Kiwanis Club, vice president of the Lincoln Chamber of Commerce, chairman of the Lancaster rationing board and the state merit system, and a member of the Defense council during World War II."

An active member of the Episcopal Church, Mr. Hellmers was also a member of the Elks Lodge, York and Scottish Rite bodies and a Shriner.

He was particularly active in the Community Chest while in Lincoln, having served as general campaign chairman, vice president and division leader in annual drives for funds.

A native of St. Louis, Mr. Hellmers began his career in the utility field as secretary and manager of the Marysville, Mo., Electric Light & Power Company, a branch of the Iowa-Nebraska Light and Power, in 1908. In Marysville, he was a member of the school board and a director and president of the chamber of commerce.

He was transferred to Lincoln in 1922 to become assistant general manager of the Iowa-Nebraska Company and was appointed district manager for Lincoln in 1941.

## -Parker Slaying- Youth, 18, Quizzed, Released

No Suspects Now In Custody

An 18-year-old youth questioned by the county attorney's office Tuesday in connection with the death of Mrs. Nancy Parker has been released.

Elmer Scheele, county attorney, in his 4:30 p.m. news conference, said the youth had been given a polygraph test. The test showed "nothing too significant," Scheele said.

The test was given by Det. Lt. Bob Henninger.

The youth was brought in for questioning Monday night by Motorcycle Officer Bob Summers of the Police Department and Del Ziemann, deputy sheriff.

Following two hours of questioning and the polygraph test, the youth was released.

There present is no one in custody in the continuing investigation into the death.

All leads, including the report of a two-door black Ford, 1949 or 1950 model seen near the scene of the crime, are being checked out, Scheele said.

The county attorney said there has been a great deal of public interest shown in trying to run down leads in the death. Many of them have been helpful, Scheele said.

The quest for the killer of Mrs. Nancy Parker was a week old. She died last Wednesday of strangulation when a wrapping twine was twisted around her throat. Her hands were tied behind her with laundry line rope.

She was found by her husband, Darrell, city forester, when he returned home for lunch at the 3200 Sumner residence in Antelope Park.

## Winter's Formal Opening To Be Cloudy, Warmer

Winter's first day in Nebraska was to be a let down—as far as extreme cold and snow and other wintry weather fare were concerned.

Wednesday's forecast called only for cloudy skies and warmer east and central. Highs for the day were to lie between the 50s southwest to near 30 northeast.

And this with winter officially arriving Wednesday at 9:12 a.m. Temperatures over the state Tuesday were cold in the east, but warmer in the western areas. Imperial, Sidney and Scottsbluff had highs in the 50s, but Omaha had a chilly 19 and Lincoln had 23 for high.

The day's early lows were as far down as -1 in Omaha, 1 degree above at the Lincoln Airport and Norfolk and 5 at Grand Island and North Platte. Lincoln had a Tuesday low of 7.

## WHAT THE WISE MEN SAW

### The Coming Of The King

Chapter IX

By NORMAN VINCENT PEALE

The three kings from the East who had followed the star to Bethlehem and were now returning to the East looked puzzled, each in his own way. Caspar, the youngest, couldn't possibly have said that the new king they had seen in the stable was a beardless youth.

But he had! Melchior, the second of the magi, spoke next. He had a full black beard, a broad chest and a well-fed look.

"Not at all," he said, "The king was a man in the prime of life, not a hairless youngster."

Then the eldest of the wise men shook his grey head and stroked his wispy white beard in astonishment. "Why, Caspar and Melchior," Balthazar said, "the glory of the sight must have dazzled you and veiled your eyes. The king was an elder, matured in his wisdom and appearance both."

Marco Polo tells us no more than this but we know that, in the King the magi saw, each man finds the image of everything good and fine he would like to be. And, where others saw but a child, the wise men saw what was really there.

☆☆☆  
In the meanwhile, Herod, in

Herod Sends to Bethlehem

Jerusalem, was waiting impatiently for the wise men to come back. Finally, he sent out his spies to find out what had happened to them. When the spies returned, they reported that the magi had gone back to the East without passing through Jerusalem. But they also said that they were sure the infant king must be in Bethlehem.

Herod ranted and raved and

## 42 Ask Ike To Grant 'Amnesty' To 16 Reds

Mrs. F.D.R. Joins Petitioners For Jailed Communists

NEW YORK (AP)—A petition has been addressed to President Eisenhower by 42 persons, including Mrs. Franklin D. Roosevelt, to grant a "Christmas amnesty" to Communist party leaders imprisoned under the Smith Act.

The 16 Communists were convicted of teaching and advocating forcible overthrow of the government.

The petition said the signers "are in fundamental disagreement with the philosophy of the Communist party and with essential elements in its program and are motivated in their present action by their attachment to the democratic way of life."

Asking commutation of the sentences, the petitioners said some of those convicted are elderly and ill. It added that their cases "were carried through in a period of the 'cold war' and in an atmosphere often marked by hysteria."

Postponement of more than 100 similar cases now pending also was asked in the petition, mailed to the President.

Signers included Norman M. Thomas, former Socialist candidate for president; Dean John C. Bennett of Union Theological Seminary; Lewis Mumford, author; Elmer Rice, playwright; Chaplain John M. Krumm of Columbia University; Stephen Cary, secretary, American Section, American Friends Service Committee, Philadelphia; Henry Steele Commager, Columbia University; Albert Sprague Coolidge, Harvard University; and Roland H. Bainton, Yale Divinity School.

## Continental Bank Buys M St. Lot For \$137,500

By VIRGIL FALLOON

Star Staff Writer

The Continental National Bank acquired Tuesday for \$137,500 a 70 by 150-foot business lot to add to the bank's originally-announced acquisition of one-third of a city block for a new bank site.

With the addition, the bank's new site now has frontages of 150 feet on M, 300 feet on So. 12th, and 100 feet on N. Cost of the original one-third block site (four lots) had been announced as between \$450,000 and \$500,000.

T. B. Strain, chairman of the

bank's board of directors, said the additional property will be used for drive-in banking, facilities and parking in connection with the proposed bank building. It is hoped to begin building operations in 1956.

The acquired 50-foot wide business lot fronts on M and is just west of the Lindell Hotel building. The lot extends back 150 feet to rear of the Lincoln Theater lot on the north.

The property was acquired from Mr. and Mrs. Herman Reusch of 2326 So. 13th.

**Was Electric Shop**

Reusch, a retired electrical contractor, has owned the lot since 1916, when he built an electrical shop the building which is still at the rear of the lot.

That portion of the building is presently used as a parking garage with apartments on the second floor, he said. The garage entrance is on the alley.

Reusch said the front portion or addition to the building was built in 1921. That M street portion is presently occupied by Nelson Cleaners and the Pease Bindery.

Although built separately, the two buildings on the lot are essentially joined, Reusch explained.

The bank will take possession of the property on Jan. 3, according to the purchase contract filed with the Register of Deeds office.

Total purchase price, with a portion payable later, was \$137,500, according to the contract.

## Mobs Riot; 10 Die

American Consulate Stormed

AMMAN, Jordan (AP)—An Arab mob opposing Jordan's entry into the Baghdad Pact stormed the U.S. consulate in the Jordan side of Jerusalem Tuesday, smashed windows and ripped down the American flag.

The third attack in two days on a foreign consulate came as King Hussein sought to stem the fury of his Arab subjects over a British plan to align Jordan with the pro-Western Baghdad Pact partners.

Flags were ripped from both the American and King Hussein French consulates Tuesday. The Turkish consulate was the target of an attack Monday.

There was no official estimate of casualties from five days of nationwide rioting, but foreign diplomats said the best estimate was about 10 killed and 100 injured. Three deaths occurred Tuesday in Amman, the capital.

**Armored Cars In Action**  
But by nightfall armored cars of the Arab Legion and barbed wire road blocks had dampened demonstrations in Amman. Legion troops were also maintaining order late in the day in the Old City of Jerusalem.

Kink Hussein appointed Ibrahim Hashim, 67, the country's No. 1 elder statesman, to serve as caretaker prime minister to prepare for elections within the next four months. He is a former prime minister who last held office eight years ago.

The 21-year-old king dissolved parliament, a move which was followed by the resignation of Premier Hazza El Majali after four days in office. Premier Majali was favorable to the Baghdad Pact which now includes Turkey, Pakistan, Iran, Iraq and Britain.

**Pact Backed By U.S.**  
The United States strongly supports the pact as a Western defense bulwark in the Middle East. The Soviet Union has denounced it. Resignation of Majali was a victory for the demonstrators who sided with the Egyptians and Syrians in rebuffing Western alliances—at least until the Israeli problem is solved. Apparently both Majali and the king decided the country had been so inflamed that the Baghdad Pact issue should be dropped for the present.

"The country is at present facing important events connected with the nation's interests and these events require a new plebiscite," the king's proclamation said in referring to the calling of an election.

**Flag Burned**  
JERUSALEM, Israeli Sector (U)—Arabs attacked both the U.S. and French consulates Tuesday. Both are outside the old walled city but within Jordan jurisdiction.

Reports from across no man's land said the American flag was pulled from its pole at the consulate, taken away and burned.

Kenneth M. Monroe, a teacher from Santa Barbara, Calif., and his wife, Margaret, left the Old City section Tuesday afternoon and sought shelter in the YMCA in the Israeli sector.

Harry F. Sedgewick, a Wilmington, Del., executive, and his wife, Helen, followed a similar course. Accounts of the attack on the American consulate said William E. Cole Jr., the consul general, and Slaton C. Blackiston, the vice consul, were both in the building at the time.

**Storms Kill 3**  
LISBON, Portugal (U)—Three persons dead and three missing was the toll announced for storms and floods which have swept Portugal the last week.

# Sen. George Faces Bitter Battle With Talmadge

## Bruising Scrap Is Likely

VIENNA, Ga. (AP)—The dean of the U.S. Senate, Georgia's Walter F. George, Tuesday declared himself a candidate for renomination in what promises to be a thumping, bruising 1956 Democratic primary.

He faces the probable challenge of a younger but battlewise opponent, former Gov. Herman Talmadge, 43, politically astute son of "Old George" Talmadge, whom George bested in a bitter primary battle 17 years ago.

The silver-haired George is a veteran of 50 years of public office holding, 33 in the Senate. Now, 77, he is the senior senator in years of service and would set an all-time service record by September, 1958.

### Democratic Strongman

Chairman of the Committee on Foreign Relations, he is the Democratic mainstay—and oftentimes acknowledged Senate spokesman of the President—in the nation's bipartisan foreign policy.

Some 30 newsmen gathered in his modest home town office just

George Talmadge

off the Dooly County Courthouse Square for the declaration of his candidacy. Amid the popping of photo flash bulbs, someone asked him about his health.

"I am feeling fine for man who hasn't had breakfast," he replied. He had gone directly to his noon press conference from an all-morning, cross-state automobile trip from Jesup, Ga., where he spoke the previous night.

### "My Final Term"

George said major problems will face Congress at its next session and he will ask the voters in the primary of next Sept. 12 to renominate him to "meet the responsibilities." Nomination normally means election in predominantly one-party Georgia. George said his bid for the nomination "will be my final term."

## Rolland H. Lux Rites In Milford

Funeral services for Rolland H. Lux, 38, of Beatrice, will be at 2 p.m. Wednesday at Voland's Mortuary in Milford, the Rev. W. C. Iliff officiating.

Burial will be in Blue Mound Cemetery at Milford.

Surviving are his mother, Mrs. Margaret McCarthy of Lincoln; stepfather, James McCarthy of Lincoln; brothers, Arthur of Lincoln and Marshall of Roca; six sisters, Mrs. Eda Moore of Los Angeles, Mrs. Ruth Blanton of Sacramento, Calif., Mrs. Betty Smith of Denison, Ia., Mrs. Lucille Pennerman, Mrs. Lois Low and Mrs. Shirley Carlson, all of Lincoln; and grandmother, Mrs. Margaret Treu of Milford.

### Chamber of Commerce Elects

Pictured are the new officers of the Lincoln Chamber of Commerce, elected at a directors meeting at the Country Club Tuesday night. Seated are President Albert A. Held (right) and first vice president Burnham

Yates (left). Standing are (left to right): George X. Smith, treasurer; Archie J. Bailey, secretary, and John M. Campbell, second vice president. Not pictured is Blanchard Anderson, third vice president. (Star Photo.)

## Farmer Loan Fund Increase Is Allocated

Nebraska has been allotted an additional one million dollars for loans to farmers through the Farmers Home Administration (FHA), W. O. Collett of Lincoln, FHA administrator for the state, was advised Tuesday by Sen. Carl Curtis (R-Nebr.).

The money was expected to go far in meeting credit demands of farmers suffering from drought and low prices, Collett said.

Most farm groups and bankers feel the regular FHA program will take care of distressed farmers without resorting to drought disaster programs, he said. The only question has been whether enough money would be available through this channel.

Sen. Curtis told Collett he would help to get still more funds if they are needed.

The FHA loans draw five per cent interest and are made to farmers for production and sustenance.

To qualify for the loans, farmers must have exhausted their credit from other sources and must meet some other requirements. The government loan is designed to take up where other lending agencies leave off, Collett said.

Applications for loans may be made through county FHA offices. The state still has about half of the \$2.1 million it originally was allotted for this kind of loan for the fiscal year, Collett said.

## -Damage High- Lexington Blaze Probed

### Fire Destroys Lumber Yard

LEXINGTON, Neb. (AP)—The cause of two of three fires in Lexington Monday and early Tuesday has been determined and the cause of the third now is being investigated. Fire Chief Wesley G. Stapleton said Tuesday afternoon.

Most serious of the fires destroyed the Jay M. Neff Lumber yard and caused slight damage only to the office of Dr. R. F. Wycoff early Tuesday.

There were early estimates that this damage had exceeded \$100,000 but Chief Stapleton said neither Insurance Adjustors nor the owners were able to give any loss figure.

He said an early report that Fireman Les Banta had been hospitalized with burns was exaggerated. Banta had a slight first degree burn on his forehead but was not hospitalized, the chief said.

Two residential fires Monday caused about \$150 damage. One blaze was caused by a leaking pipe on a gas range and in the other case clothing hanging near a heater caught fire and was thrown outside.

Stapleton said when the cause of the lumber yard fire is determined a decision will be made as to whether an arson investigation should be made.

## LINCOLN MAIL HANDLING TOPS ALL RECORDS

Outgoing mail Monday topped any day in the Lincoln's Post Office history with 800 pounds of air mail and 459,720 letter cancellations.

Gerald D. Jones, superintendent of mails, reported that the Post Office was breaking records in nearly every class. Monday was also the biggest day in outgoing parcel post, with 58,022 pounds.

Figures in pounds on incoming mail, by class, for the first 19 days of December, plus the percentage increase over 1954 were:

Class	Pounds	% over 1954
Letter mail	115,994	8.6%
Parcel post	763,455	4.0%
Others	242,832	16.6%

Poundage and percentage on outgoing mail are:

Class	Pounds	% over 1954
Letter mail	127,930	16.9%
Parcel post	630,819	2.3%
Others	415,674	7.3%

During the first 19 days of December 2,206,704 pounds of mail were handled, as compared with 2,162,676 pounds for the same period last year.

## Youth Arrested

A 17-year-old boy was taken in custody by police Tuesday night when he was found to have broken into the Charles A. Tankersley grocery at 1400 No. 14th. Police said two other youths were believed involved in the break-in which netted a small amount of candy and some coffee.

Entrance was made, officers said, by throwing a rock through a window.

## Yugoslavs Finally Get U.N. Seat

UNITED NATIONS, N. Y. (AP)—Yugoslavia finally won a U. N. Security Council seat Tuesday through an unprecedented lottery deal to split its two-year term with the Philippines.

The Yugoslavs, reported to have handed the Philippines a written promise to resign from the council in Manila's favor after serving one year, were given 43 votes to 11 for the Philippines. The Belgrade delegation on Jan. 1 will take the seat now held by Turkey.

The decision, carefully prepared through hours of lobbying since it was sprung on an amazed and resentful Assembly last Friday, came on the lone ballot of the day. It was the 36th round in the deadlock going back to Oct. 14, and it was over in a few minutes. There was no debate.

Happy over solving its last big problem in what was generally regarded as the only possible way, the delegates wound up the 10th General Assembly Tuesday afternoon.

## Rural Power Meet Attempts NREA Unity

Representatives of all Nebraska rural power districts have been invited to attend a report here Wednesday on a new set of articles of incorporation and bylaws for the Nebraska Rural Electric Association designed to bring all districts back into one organization.

Lawrence Brock of Wakefield heads the committee which drew up the new articles and bylaws and he will be in charge of the meeting which begins at 10 a.m. at the Cornhusker Hotel.

A group of rural districts split from the NREA in 1954 and formed the Nebraska Rural Power Association.

A spokesman said that if the representatives find the proposed changes satisfactory, the various factions could take action to reform into one association.

## Visits Barbara

WASHINGTON (INS)—President Eisenhower drove out to Walter Reed Army Hospital Tuesday to visit with his daughter-in-law, Barbara, who is expecting her fourth child any day.

When he got there, Mrs. Eisenhower was already with the expectant mother, the wife of Maj. John S. Eisenhower. The first lady had stopped off at the hospital on her way to Washington from Gettysburg.

After a brief visit with Barbara, the President and Mrs. Eisenhower returned to the White House.

## Miss America Aids Home Church

GRAND ISLAND (AP)—Miss America of 1956, Sharon Kay Ritchie, has sent the First Christian Church of Grand Island a "sizeable check" for its building fund.

The Rev. R. R. Yelderman, pastor of the church, declined to make public the amount of the check. But he did say it was the largest he had ever seen from one individual for such a purpose.

With the check came this letter from the 18-year-old beauty queen whose parents live in Grand Island:

"Enclosed you will find a check which is a token of appreciation from me.

"From the time when I was just a little girl, I have worshipped in this very church, and it was here

that my Christian principles were molded. I am so grateful that other people saw fit to support this church so that little girls like me could learn about Jesus."

Dulles Wants \$4.9 Billion In New Funds For Foreign Aid

WASHINGTON (AP)—Secretary of State Dulles said official Tuesday Congress will be asked for \$4,900,000,000 in new foreign aid funds. He said it is needed to maintain such spending, now in its ninth year, "for a considerable period of time."

At the same time, he took critical note of Russia's offers of economic aid to Middle East countries, saying they may be "Trojan horses" aimed at penetrating and then seizing control of independent nations.

'Pin It Down' Meteor Hunt Is Prepared

"We're going to try to pin it down this time," Dr. C. Bertrand Schultz director of the University of Nebraska Museum, said Tuesday as preparations were completed to send a two-car investigating party to the scene of Saturday night's alleged meteor explosion in southeast Nebraska.

Previous field parties found nothing conclusive in the area in Richardson and Pawnee counties where witnesses reported seeing a "blue-flamed meteor" explode. Wednesday's investigating group will include Oliver C. Collins, associate professor of astronomy at the University of Nebraska, and Newell Tanner of the museum staff, who has been with the investigation from the beginning.

Word received by Dr. Schultz indicated that the Air Force was launching an independent, routine investigation of the possibility that the phenomenon might have been something other than a meteor. Since no fragments from the object have as yet been found, it has been impossible to establish with certainty its composition, according to Dr. Schultz.

Witnesses in Lincoln, Beatrice, Julian, Humboldt, Pawnee City, DuBois, Dawson, Minden, Napier, Mo., and Red Oak, Ia., were startled by the flaming object which exploded at low altitude with a blast said to have "shaken buildings" at Humboldt.

**Polio Vaccine Reaches State Just In Time**

The State Health Department Tuesday received 8,700 cc. of polio vaccine, just as the last of the original 55,000 cc. on hand when distribution began was being sent to doctors.

Allen Rouse, director of the free vaccine program, predicted distribution of the shipment arriving Tuesday would be completed by the end of the week.

Notice has been received of the release of an additional 7,900 cc. to Nebraska, and Rouse hopes still more will become available before Jan. 1.

Requisitions from doctors are still coming in, but at a greatly reduced rate.

No new cases of polio were reported to the health department last week.

Ervin E. Peterson Heads Cosmo Club

Ervin E. Peterson was elected president of the Lincoln Cosmopolitan Club. Wendell H. Graham is the new vice president.

Don P. Riley, outgoing president, said that the new president will appoint the other officers before Ervin Peterson the officers' installation Jan. 6.

AF Seeks Three Bodies After Air Collision In Florida

PORT ST. JOE, Fla. (AP)—Air Force searchers pushed into a wooded, swampy area Tuesday looking for the bodies of three missing fliers and wreckage of two planes which collided in flight Monday night.

Three airmen are known dead from the collision of an F-86D Sabre Jet and a B-29 bomber five miles off Port St. Joe. The planes exploded, erupting into small bits and it is unlikely anyone escaped from the impact. Both planes were from Tyndall Air Force Base at Panama City.

Missing are the fighter pilot and two B-29 crewmen.

That accident followed by about three hours another collision of Air Force planes in Florida. The earlier one was at Tampa 200 miles down the Florida west coast. Two B-47 jet bombers flying close together collided, exploded and sent eight men to death.

Red Shield Christmas Party For Kids Tonight

The Salvation Army will entertain at a free party for boys and girls at the Red Shield Club, 27th and Potter, at 6:30 p.m. Wednesday.

A boys' and girls' piano and accordion band will play for the children. Capt. Walter Kennedy of the Salvation Army said oranges and apples would be distributed.

Two free movies, "As You Were" and "Christmas Customs Around the World", the latter in color, will be shown.

Ladies Auxiliary 147, F.O.E. officer meeting, 8 p.m.

a comfortable backlog to figure on.

Dulles' announcement confirmed an Associated Press report Saturday which said the administration would seek nearly five billion dollars in new funds in the coming fiscal year. About three billion of this would be allotted for military assistance, triple the amount Congress voted this year. Economic aid would go up 200 million from the present \$1,700,000,000.

Dulles said the big military aid appropriation was urgently needed to fill the "pipeline" of unspent weapons money which has dwindled because of previous reductions by Congress and the administration.

Sen. Byrd (D-Va.) served notice he will fight against any increase in foreign aid reserve funds.

Byrd said he was raising no opposition to foreign military aid proposals but believes that economic aid should be reduced sharply.

Dulles blamed what he called a "genuine misunderstanding" for the astonishment voiced by key congressional leaders over the stepped up request. Sen. Mansfield (D-Mont.) has charged the administration with "breaking faith" with Congress. He said it suddenly boosted the request after assuring that the fund would be about this year's total of \$2,700,000,000.

Told of Mansfield's view, Dulles replied that he deeply regretted if the senator did not get the full story. He said a misunderstanding must have occurred at last Tuesday's White House briefing for foreign aid programs.

Dropping Motor Trains Stapleton To Kearney OK'd

The state railway commission announced the Union Pacific Railroad Co. has been granted permission to discontinue motor trains Nos. 517, 518, 519 between Stapleton and Kearney.

The service has consisted of one passenger train each way daily, but with a slightly different schedule one way on Saturday.

The action leaves the points served by these trains without passenger train service as such, Commissioner Richard Larson said.

Nehru Credited

UNITED NATIONS, N. Y. (AP)—U. N. Assembly President Jose Maza said India's Prime Minister Nehru persuaded the Kremlin to withdraw its bid to bring Outer Mongolia into the U.N. and thus make possible the admission of 16 new member countries.

In response to a question by an Indian correspondent, Maza, a Chilean, confirmed reports that Nehru had prevailed upon Soviet Premier Bulganin and Communist party boss Nikita S. Khrushchev to relax Soviet demands that Outer Mongolia be admitted or the whole deal would perish. Maza told newsmen that Nehru had intervened at the request of chief Indian delegate V. K. Krishna Menon.

COURT RELEASES GAS TAX MONEY

The 186 checks distributing the \$2,912,828 in gas tax funds for October, November and December a year ago will be mailed Wednesday to Nebraska counties.

W. F. Sanders, Clerk of the Lancaster District Court, had expected to get the checks mailed Tuesday, but the writing chores took longer than expected, he said.

The money was deposited with the court when former State Treasurer Frank Heintze filed suit for a declaratory judgment interpreting the law covering the method of distribution.

The court recently handed down its ruling and even though some counties are appealing, it will not affect the court-ordered distribution of the funds.

Separate checks are written to each county for the mail route and general highway funds. Lancaster County receives \$191,367.

## No White Christmas?

The weathermen, who are not as sure about their business as Santa Claus is about his chimneys, have looked far beyond the horizon and what they have seen there prompts them to warn us not to get our hearts too deeply set on a white Christmas.

They see a great mass of warm air moving in from the west that will bring above normal temperatures and probably the end to the present snow cover.

Most Nebraskans are willing to forego picturesque weather, just this once, in an exchange for something more bland. They are reminded that with the current arrival of the official date

for winter the state, according to record, has already experienced 36 per cent of the normal winter. That is a great deal when it is considered that January, February and some of March is yet to come.

The needed moisture after 1953's drought ravaged summer, and the desirable crop cover produced by the early snows has already given Nebraska as good a Christmas present as nature can provide.

It would be looking a gift horse in the mouth to become querulous over a white Christmas after that, especially when a warm spell would feel so good.

## Ah Yes, Virginia!

If a distinguished American editor early in the present century was able to write a young girl reassuring her that there is a Santa Claus what do you suppose he could do today as he glanced toward Washington?

There is in the making, we are told, a program for medical research which will call for increased federal funds. It is due, and long overdue, badly needed in this age of scientific miracles. If the Great White Father actually has made up his mind to call upon his weight and his strength in the struggle against some of man's worst enemies, well and good.

Then, if we look a little closer, we will find assurance that a long-range highway program, involving the expenditure of billions of dollars,

is to be drafted by the next Congress. If there is the money to finance it, who will criticize? Next comes a program to provide expanded educational facilities—to make provision for a lot more youngsters in the highest traditions of American public education. Who would criticize that?

Finally, with a Cold War breaking out all over the premises again, a substantial increase in foreign aid funds, again billions, is receiving attention and will be requested of Congress, the news columns say.

The budget, which it was hoped, could be balanced in the next fiscal year, may be groggy by now. That does not detract from the fact that there is a Santa Claus.

## Nebraska's Fewer Weeklies

A year-end review by Vern Scofield, manager of the Nebraska Press Association, notes a decline in number of weekly newspapers in the state by eight, bringing the current total to 276.

To bring the figure more in focus Scofield

## Of Men And Things

By J. E. LAWRENCE

To what extent, year in and out, are Nebraskans dependent upon irrigation? Those who have been reading the news columns recently have gotten a few answers.

★

They discovered, for example, that in the final 1955 statistics prepared by the Department of Agriculture on corn production, Nebraska's crop aggregated 95,200,000 bushels—a slim 16-bushel an acre average for the total planted acreage. This compared with 196 million bushels a year ago, a crop which, by the way,

felt the sharp teeth of July heat catching some fields in the critical stages. It compared also with a 10-year average of 228,658,000 bushels, more than double the final estimate of 1953 corn production. In other words in the season just closed, with all the expansion that has taken place in well irrigation, we produced less than half of the corn raised in 1954, and substantially less than half of the average 10-year production, less than any season since 1939. But we produced the 1955 crop very largely in those fields supplied with irrigation.

Dryland farming operations netted Nebraskans very little corn although virtually all of the 6 million acres originally planted in this state was of the drought-resistant, hybrid seed variety, capable and able to withstand scorching temperatures and moisture shortages better than other varieties.

★

No single year of misfortune will inflict a knockout punch upon Nebraska agriculture. There is strength, a resiliency, a determination and resourcefulness which does not fold up as the result of such circumstances. But at the beginning of this year we suggested to our fellow Nebraskans that if they are to attain the economic stability to which they reasonably may aspire they should plan on a long range program of increasing irrigation over a 10-year stretch at the average rate of 100,000 acres every twelve months. That means a million acres in 10 years. And a million acres of irrigated land would have drastically reversed the Nebraska portrait at which Nebraskans have been gazing in recent days.

★

Of course we are producing too much corn, too much wheat, too much livestock, too much of virtually everything, Washington tells us. Bosh and bunk, so far as Nebraska is concerned. We can call upon nature to cut us down to 95 million bushels of corn each year for the next three years and if old Mother Nature obliges, Nebraskans should know it now that they will have to cut the appropriations for education drastically, that they will experience difficulties in the stepped-up program for highway development, that they will have to adjust their thinking completely in the funds devoted to state institutions for Nebraska's unfortunate, and for all other activities. It is impossible to get blood out of a turnip. It is impossible to support appropriations far beyond the financial ability of the people of a state. Now that's how badly Nebraska needs every irrigated acre that can be brought under water. That's how important irrigation—either from stream flow, storage behind dams—or through wells—is to the people of this state.

★

The brightest chapter written in 1955 is the thousands of acres of land brought under irrigation by tapping the subterranean lake which Dr. George E. Condra insists underlies much of this state.

## Man Of Ethics

Cincinnati has elected Charles P. Taft mayor. Not so politically famous as his father, who was the twenty-seventh president of the United States, nor his late brother Sen. Robert (Mr. Republican) Taft, Charles nevertheless has distinction of his own especially in the fields of liberalism, church and human service.

The new mayor is a man of unusual ethics and no little experience in public affairs. There is no doubt of his high aims and ethics. To those who become wise for men of such stripe to occupy high directing places in public office Charles Taft's next two years will be interesting to watch. And it is to be sincerely hoped that his lamp will not be dimmed by entrenched forces of a less ethical order who most frequently do not welcome such men as boss.

points out that in 1914 Nebraska had 725 weeklies. In 1920 it had 533.

The movement toward consolidation of newspaper fields has been proceeding steadily for more than a half century to the concern of some who feel that an abundance, even an overabundance, of newspapers is a democratic blessing and a full guarantee of free speech.

But it is doubtful whether Nebraska's 725 weeklies, a half century ago served their communities as well as nostalgic readers fancy. Many of them were not stable businesses, poorly equipped to deal in public news and thought, and frequently too many were more interested in survival than in free and competent speech.

As a corollary to the 1955 figures today's fewer weeklies show increased circulation. They are reaching more people. They are operating soundly and are more dedicated to community progress. With their improved facilities and greater sensitiveness to news and great sense of responsibility they are playing a more important role than ever in community service.

Nebraska nor any other state will ever find it reliable to measure editorial integrity and community service in terms of numbers of newspapers. More vital is the newspaper's capacity to interpret and edit the news in the knowledge and traditions of American philosophies. And it goes without saying that Nebraska newspapers were never better prepared.

## Welcome Lawsuit

A suit for \$3,534,778 has been filed against government by Dixon-Yates to recover its out-of-pocket money after having started construction of a generating plant in West Memphis under contract with the government only to have it cancelled out.

While the administration at first favored the contract as in line with its convictions that the Tennessee Valley Authority, serving the area, had grown big enough, it later announced cancellation after the city of Memphis said it wanted no part of the arrangement and would build a plant of its own. But later the government, though it had provided cancellation remuneration in its contract, refused to honor any payment when it declared the whole contract out of bounds because of conflict of interest. The appearance of Adolph Wenzell, on both sides, during the making of the deal was a factor in the administration's action.

It is one lawsuit the public is not against having albeit it may in the end have to pay the bill. It was a sorry piece of negotiating all the way—the kind that is destined to come out badly but it will be worth all it costs to find out which party had clean hands.

## Speed And Safety

The United States has had an enviable safety record in its commercial flying but there are clear warnings that extensive improvements in flight and airport control are going to be needed as the country steps over the threshold of the jet age.

It is one thing to pilot a relative slow flying conventional plane from a crowded field and quite another to safeguard safety in a ship that operates at lightning speed.

Six airlines have ordered thus far a total of 186 jet passenger planes and expect to have them in operation by 1959 or 1960. They will travel 550 to 600 miles an hour. While such speed is a thrilling prospect and will make transcontinental travel almost like metropolitan commuting it will be a mistake to allow such flights without intensive preparation and change to take care of them safely.

## Goodwill Tour Is Nation's Need

WASHINGTON — U.S. ambassadors have cabled from Southeast Asia that the tour of Russia's two perambulating bigwigs, Khrushchev and Bulganin, definitely built up good will for the Soviet. This reminds me of a suggestion I made to Harry Truman when he was President in 1952.

Mr. Truman and I were not exactly on speaking terms then, so I made the suggestion through his secretary of state, Dean Acheson, and asked Dean not to identify me as the author or Truman would be sure to turn it down.

What I suggested was that Truman take a trip abroad somewhat as Bulganin and Khrushchev have now been doing, to win friends for the U.S.A. I suggested that among other things he visit the Vosges mountains in northern France where he fought as an artillery captain in World War I and that this would indirectly remind the French people and the people of Europe of the many contributions we had made to them.

The simple, direct manner in which Mr. Truman meets people would make a big hit in Europe, I suggested to Acheson, but I also urged him not to mention me to Truman.

Mr. Truman, of course, didn't go. He was busy campaigning for Stevenson in 1952 and doing a lot of other things. So, about a year later, after Mr. Truman was out of the White House and he and I had resumed diplomatic relations, I dropped round to see him and suggested that a trip abroad by him now would build up even more good will because he could travel as a private citizen, shaking hands with peasants and shopkeepers, teachers and factory workers, to show them how democratic a country we really have.

Mr. Truman immediately re-

plied: "Oh, Dean Acheson told me all about that idea of yours about a year ago."

"But I told him not to tell you who suggested it."

★ ★ ★

"Well, he did anyway," continued Mr. Truman, and he went on to say that he would like tremendously to go abroad, but felt he couldn't do anything in the international field that Gen. Eisenhower might not want done and that he hadn't even been invited to the White House since he left on Jan. 20, 1953.

"The first thing I did when I became President was invite Herbert Hoover to the White House," Truman said. "I told him to consider it his second home and to drop around whenever he came to Washington."

Mr. Truman obviously was hurt at the way the White House had snubbed him.

A weakened Eisenhower cannot possibly travel any more. Therefore, why not draft both Harry Truman and Herbert Hoover, the two living ex-presidents of the United States, to do some good-willing for him?

NOTE 1 — Bulganin told Prime Minister Nehru that he never dreamed visiting foreign countries could be such fun and he intended to visit France and Italy soon. He also said Stalin made a great mistake by shutting himself up and not letting the world realize that Russians are friendly people.

NOTE 2 — Though Hoover and Truman are miles apart politically, Hoover is helping collect funds for the Truman library. He has always been grateful for the way Truman invited him back to the White House, then appointed him head of a European Food Commission, then to help reorganize the government.

## BOB CONSIDINE

## Former Grid Star Most Modest Mayor

NEW YORK—People . . . Places . . . Things . . .

The most modest mayor in our land is George Vergara, the former Notre Dame football star, assistant coach and football official, who unseated Stanley W. Church as mayor of New Rochelle, N. Y. last Nov. 8. Church, a Democrat, had been dug in for 16 years. Vergara ran as an independent and won going away.

Former war correspondent Johnny Moroso, who did some work for Vergara, took me to lunch with Hizzone the other day and it was quite an experience.

I asked the mayor to tell me how it all happened. Vergara, a man in remarkable physical condition, said, "You know the definition of a bore, don't you? A bore is a fellow who when asked 'How do you feel?' tells you."

All that Vergara wanted to do about New Rochelle for a long time was live in it.

"I could walk up and down the street all day and the only people who would speak to me were close relatives, and they didn't feel to certain about it, either," the mayor said. "But one night a couple of people called me and asked me to

run for councilman. I talked it over with my wife Allys and she said 'Why not?' So I ran and only got licked by 61 votes. I guess I tried again because I got licked the first time. People who played for Rockne get that way."

Vergara felt the full lash of the political arena when, in time, he ran for mayor. "I couldn't charm a starving tiger out of a tree if my neck were festooned with a garland of succulent lamb chops," he one said. But he got it there and battled against the type of bean-ball pitching which discourages most good men from running for political office. He was classed as an 80-to-1 shot when the campaign began. The local paper supported Church. There were charges he was (1) anti-semitic, (2) attended three masses each Sunday in different parts of the city, to be seen and (3) claimed to be Spanish. The charges were all false but it took time and sweat and soul-searching to dispel them. The Spanish charge was the most ludicrous of the lot. Vergara, of Italian descent, lives in a town that has 14,000 fellow Italian-Americans. And only six Spaniards.

DORIS FLEESON

## Knowland Wants Decision By Ike

WASHINGTON — Sen. Knowland of California, Republican leader of the Senate, has talked to President Eisenhower about the problems which the President's silence regarding re-election have created for other possible Republican candidates.

Knowland reminded the President that in five states and Alaska the presidential preference primaries require that the candidates file on or before Feb. 15 next. The senator has publicly urged that the President make known his intentions by Feb. 1, a deadline later put back to late February by the Eisenhower family physician, Maj. Gen. Snyder.

In overleaping the barriers which the Eisenhower regency has erected against political discussion with the President, Knowland has made himself into a controversial figure. Many Republicans are already taking sides for and against him, but he has acted in the only way he knows how to act which is straightforwardly.

The senior senator from California may be wrong but he is rarely in doubt and he is never timid or deceptive.

★ ★ ★

Superficially, it may appear that he has broken the old rule promulgated by former Sen. Wheeler, a Democrat who fought Franklin Roosevelt. It is that you never should personally by fighting a President of your own party. Wheeler went on to prove his own statements; he was soon afterward retired from public life by the Montana voters.

But Sen. Knowland does not feel he is fighting the President. He says that he will support Eisen-

hower if he runs and he has yet to be found saying something that he does not mean.

Knowland's view is that he is fighting an attempt by the circle close to Eisenhower to foreclose the nomination for someone of their own choice. Because that someone almost certainly seems to be Vice President Nixon, a fellow Californian, the Knowland suspicions may be sharper than warranted. But most observers would agree with him.

It may be that Knowland and the others for whom he professes to speak should be willing to wait longer on the President in view of the opinions of the doctors. But he seems to feel that the doctors don't understand political necessities at best or even conceivably are influenced by the political opinions of the Eisenhower group.

It is typical of Knowland again that he is candid about proposing to be a candidate if Eisenhower does not run. He would have many difficulties not the least of which is his unflinching advocacy of the Nationalist Chinese government.

★ ★ ★

So far as the political aspects are concerned, Knowland told the President only the simple truth. It is that any Republican candidate who hopes to succeed, if Eisenhower does not run, needs to get going and that a big primary splash would be one of the best ways.

Delay will hurt every other Republican aspirant except Eisenhower. It will operate, if the President does not run, only in favor of a hand-picked heir and even that he would be better off for a prompt start.

MARQUIS CHILDS

## Goa Statement Harmful

HONG KONG—After the "loss" of China the official advice was to wait for the dust to settle. But the dust will not settle in Asia, since too many people are in a hurry to catch up with the West.

Millions upon millions who once existed in faceless anonymity are now on the march and with or without the co-operation of the West they mean to reach the goal of independence, both political and economic. There should be no illusions in America about the serious nature of the contest and the advantages and disadvantages of a completely free society, such as the United States, in competition with a despotic society, such as the Soviet Union.

Take India as a case in point. The Indians need above everything else steel for rails to rebuild and expand their railway system. No industrial expansion on any appreciable scale is possible without an expanded transport system. But steel is in short supply almost everywhere, and whether the Indians could buy steel in the United States is questionable.

So the Soviet traveling salesman, Bulganin and Khrushchev, as a parting gesture agree to sell, not give but sell, India one million tons of steel. In order to make that million tons available the Soviet masters will have to put the squeeze on their own people, deferring still longer those oft-repeated promises of more consumer goods. But they have the power to apply that squeeze and obtain the steel.

★ ★ ★

There are western assets on the Asian balance sheet that are sometimes overlooked; assets which could derive only from a free and productive society. American foundations have done splendid work in the Far East in health, education and general welfare. That work has been expanded since the end of the war, with new organizations such as the Ford Foundation and the Asia Foundation taking an active role.

In India the Ford Foundation financed and helped direct the training of workers to carry out the village development program in the beginning stages of a program already showing far-reaching improvement in standards of living that were about as low as they could be. Having more freedom of decision and action foundations can often act more effectively than governments, even though the amounts involved are much smaller.

In a quick swing through a small part of the East this reporter has been impressed with the effectiveness of the United States Information Service. Contrary to a popular

## THE PEOPLE SPEAK

### Self Condemning

Upland, Neb.  
To the editor of The Lincoln Star: In regard to an editorial entitled "Benson's Test" in the Omaha World-Herald, Nov. 25, I never read an article so inconsistent and self-condemning.

It mentions cheap politics. The editorial on its own merits condemns itself as cheap politics, or the product of a mind positively devoid of any knowledge of the subject.

Charles B. Shuman and Benson are birds of a feather in rain barrel fishing and the best thing that could happen to agriculture would be that they both fall in. Shuman advocates voluntary acreage reduction which should brand him as a menace to farm success. Any 16-year-old farm boy would know that it could not possibly work by any stretch of the imagination. And supply and demand is the same old guard (Hoover, Taft, GOP) boom and bust method that makes a thousand millionaires and a million paupers on every cycle. On the upswing, or inflation period, there is an abnormal speculative as well as consumer demand. But when prices reach peak any abnormal break will start enough liquidation to remove even a normal demand. And it becomes a case of survival of the fittest and thus a 30 per cent shrink in values, such as forced millions of dollars worth of mortgage papers on the auction block in Hoover days.

No self-respecting man fit to be head of a family with a thimbleful of gray matter, it seems to me, would advocate running any kind of business on a below parity basis. The Benson plan has already driven more than 1,000 young farmers, mostly veterans, off the farm in Nebraska. Benson expected it would liquidate about 20 per cent of the weakest, but the well-established farm owners could ride out the storm on their New Deal-acquired capital. He seems willing to liquidate all the veterans and younger farmers with children to clothe and educate, with interest payments to meet on their land.

Any paper that edits or prints such inconsistent, misleading slush and not acknowledge or print any rebuttal is a menace not only to the farmers but to the state.

FAY DANKER

### Whose Pleased?

Lincoln, Neb.  
To the editor of The Lincoln Star: I imagine Satan and the Communists are quite happy about our street decorations to honor Donald Duck and Mickey Mouse.

These comic characters are all right in their place, but isn't Christmas a commemoration of Our Lord's birth?

MRS. C. A.

misconception, it is not so much as a propaganda agency that the USIS functions, but as a link to further understanding on a dozen different levels. Members of the USIS staff come to know local editors on a friendly and informal basis and help them to interpret America. They select those who show an open mind for travel in the United States. And for visiting Americans they serve as an invaluable guide to the country in which they serve. Theirs is often thankless work, and niggardly congressional economies have made it more onerous, but it is invaluable in promoting the mind of understanding on which any permanent relationship must rest.

Martha Graham and her troupe of modern dancers are on a tour of this part of the world, underwritten by the President's special fund to promote cultural and commercial co-operation. They have had a spectacular success wherever they have gone. Bill Mathias, Olympic decathlon champion, and other Americans brought out under similar auspices have also served to show the richness and variety of American life, refuting the myth that ours is solely and narrowly a business society.

But when all the small triumphs, and they are important in the sum total, are added up, they cannot

offset major policy moves that seem in this part of the world tragically mistaken. In the opinion of this observer it is impossible to exaggerate the disastrous effect of the Dulles-Cunha statement that appeared to back the Portuguese determination to hold Goa as a "province."

The same newspaper—the Times of Indonesia in Djakarta that hailed Martha Graham's appearance in warmest praise had in the same edition a lead editorial headed, "Russia's Best Friend," which concluded as follows:

"For Mr. Dulles then to put the seal of approval of the United States on Portuguese colonialism in India is to line up with the Portuguese against the Afro-Asian nations with all that means in terms of resentment against United States and a debunking of its grandiose claims that it desires freedom of all colonial peoples. And how convincingly Mr. Dulles has backed up the Russian statements that the United States is an imperialist nation allied to other imperialist nations! And how little did Russia's traveling salesman realize that their truest friend was Mr. John Foster Dulles, by the grace of God and the Republican party, secretary of state of the United States."

(Copyright, 1955, By U.F. Syndicate, Inc.)

## ED FITZHUGH

## On Training A Dog To Talk And Untalk

It was a mistake ever to try to teach Jeep to talk.

Inasmuch as Jeep is a dachshund, a long, low kind of a dog whose specialty is defying gravity with a stomach which is too far from either end of its owner, and thus too far from his legs, no one would normally expect him to learn to talk.

Jeep is a willing kind of a dog, however, and anxious to do whatever he thinks is expected of him, so when I read several weeks ago about a dog with a speaking vocabulary, the idea of teaching Jeep to talk appealed to me. What one dog could learn to do, I reasoned, another could do as well.

I reckoned without Jeep's intellect.

"Hello" seemed to be a simple enough word to start with, and one not too complicated for canine vocal limitations. So I started with it. I even modified it a little, dropping the "h" and making it sound more like the noises Jeep habitually makes. We could polish off the finer points later, I figured.

For weeks, I encouraged Jeep every evening to say hello, when I came home. At first he just continued to whine, as he always had when he met me at the door. Then, all at once, he seemed to get the idea that something more was expected of him. He made peculiar sounds.

In teaching a dog something

new, each forward step should be instantly rewarded. I thumped Jeep appreciatively and praised him profusely for the peculiar sounds.

Perhaps I was too profuse. Jeep is not a deep thinker, as I have remarked in the past. He jumps quickly to faulty conclusions. The one he reached this time was that I liked the peculiar noises. He looked at me a little dubiously, which was easy to understand. If I thought that someone liked noises such as he made, I would look at him dubiously, too.

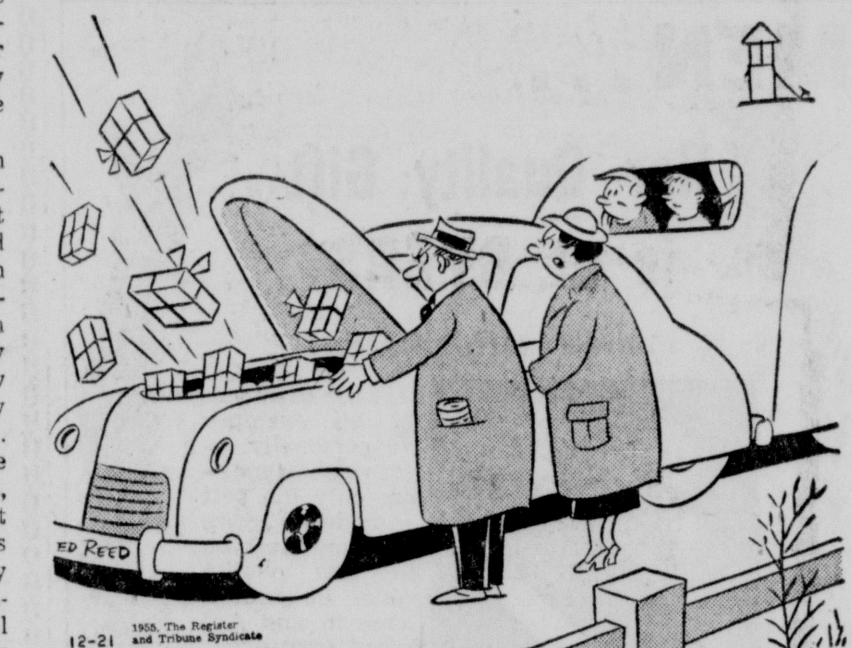

Then Jeep seemed to tell himself that a dog cannot expect to understand all the crazy things humans like to do. If I liked to hear those noises, he reasoned, he could probably stand them himself, as long as they were expected only once a day.

At first I still thought he was trying to say hello, so I did not discourage him. That was my second mistake. He began to improve on the noises. It got so the family watched for me, and while I was still half a block from home, everybody but Jeep went out the back door, to stay outside until his greeting was done. That was when I began to suspect he had never been impressed by the idea of saying hello.

You'd never dream how difficult it can be, teaching a dog to whine. (Chicago Sun-Times Syndicate)

# Girl, 33, Asks Widow's Share Of \$10 Million; Claims Blood-Rite Wedding

... Her 'Husband' Died At 71

NEW YORK (AP)—A 33-year-old brunette claimed Tuesday she went through a weird blood rite and wedding ritual with a millionaire twice her age. She wants a widow's third of his estate.

Marie A. Bellotti said she mingled her blood with that of Elias A. Cohen in a vow of undying love. She added that he conducted a marriage ceremony for the two of them and filled out his own marriage license.

Before and after these rituals, Miss Bellotti said, she and Cohen lived and traveled as man and wife "sharing the same bed in husband and wife manner."

Cohen, a real estate operator, died at the age of 71 during a visit to Israel in 1952. He left 10 million dollars to four sisters and a brother. Miss Bellotti, his secretary, was not mentioned in his will.

A Third As his widow, under New York law, Miss Bellotti would be entitled to one third of the estate regardless of the will.

As evidence of a love pact with Cohen, she filed in Surrogate's Court a 1946 letter from Cohen which read in part:

"Marie Dear: Today is my birthday. I am now 65 years of age. . . From you I want a birthday present. You know what it is. Let me have it . . . Just the continuation of mere friendship between us cannot go on . . . You belong to me and I belong to you. Only one thing can separate us and that is death—death only. I want you to pledge yourself to me as I have to you.

"You won't do it publicly because of my age, religion and social position . . . But we will have this agreement between us. I, as head of the Cohen family, am a high priest, so you can readily un-

## School Board Okays \$598,636 Meadow Lane Elementary Bid

A \$598,636 bid by Beall Construction Co. of Lincoln has been approved by the Board of Education for construction of the new 18-classroom Meadow Lane elementary school at 74th and Vine. Beall's base bid was \$614,936 but three deductive alternates, totaling \$16,300, were accepted by the board to bring the final figure down to \$598,636. With federal aid for construction, the Lincoln School District will pay out only \$53,000 for the new school, including architect's fees.

Facilities to be furnished include two kindergarten rooms, a lunchroom and an auditorium. The school is to be completed by September of 1957.

The one-story brick structure will also offer something new in the way of a floor plan. The front of the building will be a stair step design with classrooms provided in three "fingers" or wings to the rear and kindergarten, auditorium and other facilities across the front.

The alternates accepted by the board will eliminate the bituminous cover on the playground, graveling of certain areas and fencing. The playground cover is not provided at other schools and the other two items can be done by the school district's own maintenance crew.

## Bryant School Trade With City Is Out

The old Bryant school at 19th and Q will not be traded to the city for some other piece of property, the Board of Education decided Tuesday.

After looking over city-owned lots, school officials decided the city had nothing the school district wanted. So if the city wants the 19th and Q site it will have to purchase it.

The Board of Education has approved sale of the property on a land value basis. No value can be set on the building, the Board decided, because it is too old and has been fully depreciated for some time.

The city expressed an interest in the Bryant site as a possible location for the City-County Health space in the Municipal Building at 10th and R. The Bryant site also adjoins city owned property to the east.

The city and school property combined constitutes an area of one-half a square block.

# Thayer Redistricting Work Moves Ahead

## Technicality Postpones Action On One Consolidation Request

Lincoln Star Special  
HEBRON, Neb. — Petitions requesting consolidation of one Thayer County school district have been turned down by County Superintendent Harold Reed, and the county superintendent's office has received re-districting petitions from three other Thayer County districts.

Turned down were petitions seeking to consolidate District 44, south of Davenport, partly with the Davenport city schools and partly with the Deshler city schools. Supt. Reed refused the petitions because he said they did not carry a complete list of all of the qualified voters of the district. While only 55 per cent of the qualified voters of the district must sign the petitions, all must be listed, it was explained.

Further action is expected on corrected petitions from the district.

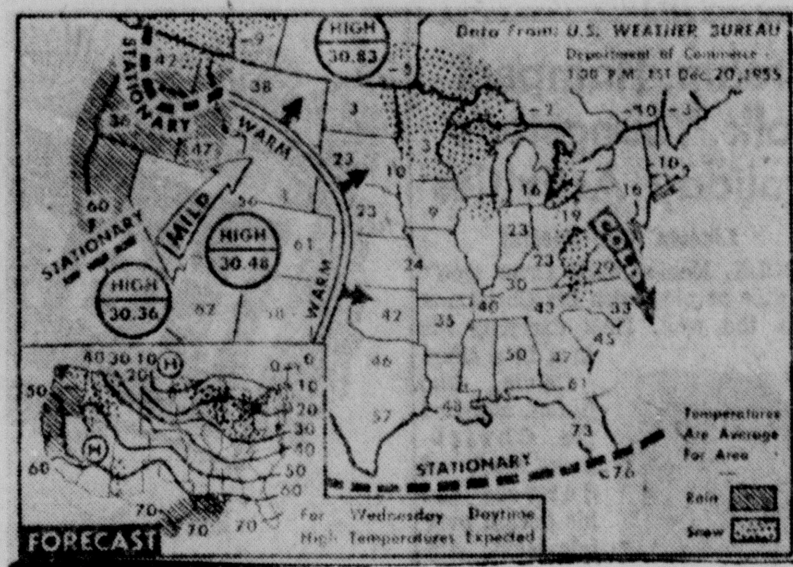

Three districts of the Belvidere vicinity, involving property assessed at more than half a million dollars, have requested consolidation with the Belvidere city schools. They are Districts 99 and 48, west of Belvidere, and District 66, east of Belvidere.

District 48 has an assessed valuation of \$225,981; District 66, \$147,595; and District 99 \$144,183. They have not operated for a number of years, but have been contracting with the Belvidere school.

A hearing on this merger will be held in the district courtroom of the courthouse on Jan. 4 at 10 a.m.

### Chamber At Fremont Opposes Federal Aid

FREMONT, Neb.—The education committee of the Fremont Chamber of Commerce has gone on record as opposing federal aid to education, according to Chairman Hamilton F. Mitten.

### Warmer Temps Expected In Midwest

Precipitation is forecast over the northern part of the nation with rain in coastal areas in Gulf states and in the coastal areas of Washington and Oregon. Afternoon temperatures will be cold in the eastern third of the nation, and will moderate slowly in the central third and northern border states. (AP Wirephoto.)

## Rural Demos Favor Kefauver, Stevenson City Choice—Brock

By The Associated Press  
As things stand now, Nebraska Republicans leaders seem agreed that President Eisenhower will seek a second term but their Democratic opposite numbers aren't ready to predict which of their party has best chance of Nebraska support.

Democratic State Chairman Lawrence Brock said he had been asking a lot of Democrats who their choice would be at this time, and he gets two answers.

From people living in rural areas, most of the sentiment seems to be for Sen. Estes Kefauver who captured the Nebraska primary four years ago. In urban areas, Gov. Adlai Stevenson, seemed to be the favorite. But, Brock said, he has been unable to find out just why Nebraskans take this view.

Gov. Averell Harriman of New York, though well known in Nebraska, doesn't seem to have much support, Brock said. He finds that many people consider Harriman a Wall Streeter and "too rich."

**Lots of Shifts**  
One thing Brock said he has learned, is that a lot of people are planning to switch to the Democratic ticket this year regardless of who runs. He said that since the big tumble in livestock prices, many people have come voluntarily to him and announced their intention of changing their support.

National Committeeman Bernard Boyle of Omaha and Miss Mary Cunningham of Rulo, national committeewoman, both said they did not have any idea of whom Nebraskans would favor for the nomination. Both pointed out that their campaign job starts after the candidate is chosen, rather than before.

On the Republican side National Committeeman Abel V. Shotwell of Omaha; Mrs. Edna Baston Donald of Grand Island, national committeewoman; and Gov. Victor Anderson all predicted the President will run again.

State Chairman W. W. Spear of Fremont isn't looking for a decision until late February or early March and when that decision comes, he thinks it will depend entirely on the President's physical condition.

## Nebraska News

## Elkhorn Lady 100 Years Old

ELKHORN, Neb. (P)—Mrs. Maria Hofeldt celebrated her 100th birthday in Elkhorn Tuesday in good health and good spirits.

"I like to eat pretty well. I've always been content," she said.

To others who want to live 100 years Mrs. Hofeldt advised, "Just trust in the Lord."

Born in Germany, she came to the Elkhorn area with her parents in 1872. Her husband, Peter Hofeldt, a farmer and county commissioner, died in 1930.

Mrs. Hofeldt has six living children: Miss Tina Hofeldt, who lives with her; Mrs. Anna Fedde, Burke, S. D.; Mrs. Kate Jefferies, Mrs. Dorothy Dore and Pete Hofeldt, all of Omaha; and Mrs. Floyd Sibert of Valley, Neb.

## Hubert Meduna Rites Thursday; Farmer At Touhy

Lincoln Star Special

TOUHY, Neb.—Funeral services for Hubert Meduna, 54, who was found dead at his farm home near here, will be held at 9:30 a.m. Thursday at the Svoboda Funeral Home in Weston and at 10 a.m. at St. Vitus Catholic Church in Touhy.

Saunders County Attorney George W. Haessler, acting coroner, ruled the death as suicide. Mr. Meduna, a longtime resident of Touhy and Valparaiso areas, had been in failing health for some time.

Survivors include his wife, Philomena; a daughter, Mrs. Geraldine Sladky of Wahoo; two brothers and five sisters.

How's your Bride? Eli Culbertson's column will help you play a better game with good hands or bad. Appears regularly in The "Sunday Journal and Star."

makes all meats taste better  
Folks gobble up **B-V** giblets gravy!

You can make it ahead of time, while the bird's still roasting. Rich, extra flavorful brown gravy, and lots of it—plenty for potatoes and dressing and leftovers! The secret is Wilson's B-V, the concentrated extract of real meat. Here's how:

- 4 tbs. turkey drippings
- 4 tbs. flour
- 2 cups water in which giblets were cooked
- 2 tsp. Wilson's B-V
- Giblets and neck meat

Simmer neck and giblets until tender. Remove neck meat and chop giblets fine. Heat drippings in saucepan over low heat. Blend in flour. Add liquid; stir until smooth. When hot, add B-V. Cook until thickened. Serves 6-8. Double recipe if more gravy is needed.

Try B-V in soups, stews, meat loaves, too. It's meat magic in a jar!

# Snow Cover Protecting Most Of Nebraska's Wheat

## Cold Weather Hikes Cattle Feed Demand

A protective blanket of snow continues to cover most of Nebraska's winter wheat, government crop observers noted.

Even where the snow cover is light, it's about ample to protect the crop from low temperatures, according to the State-Federal Division of Agricultural Statistics.

Snow is heavy in the Panhandle north of the Platte River, light in the southern Panhandle and the south half of the state in general.

### Little Corn Left

Little corn remained for harvest in the west when snows came.

Other crop report observations:

Stormy weather and low temperatures this month have increased the need of feed for cattle. Some localities are short of hay and forage and further liquidation of cattle may be necessary if unfavorable weather continues.

Low prices on hogs and fat cattle are bringing numerous complaints. Feeders are not replacing cattle in feed lots.

### Shipping In Feed

Considerable corn is being shipped in for feeding.

Farm auctions continued more numerous than last year. Prices on auctioned personal property are lower except on milk cows.

Farmers still seek off-the-farm work and some are worrying about funds with which to pay taxes, due to the short corn crop and low prices.

Rail shipments of potatoes have been increasing. The total of 754 carloads to date is slightly above the year-ago figure.

## Christmas Cantata Presented At Polk

Lincoln Star Special

POLK, Neb.—"The Adoration," a Christmas cantata, was presented at the Polk Methodist Church by a choir of 25 voices under the direction of Frank Mills. Mrs. John R. Johnston was organist.

Solo parts were presented by Mr. Mills, Mrs. Johnston, Mrs. James Lindburg, Bruce Johnson and Mrs. Lloyd Kroger.

Beatrice State Home Features Top Bulls

George Pfeiffer, left, agriculture supervisor of the State Board of Control, and Oscar Meyers, herdsman for the Beatrice State Home, look over one of the four registered herd bulls owned by the institution.

The animal is one year old Tidy Burke Ideal Notation and was sired by the \$15,000 Wis Burke Ideal owned by the Northern Ohio Breeder's Association. These good bulls have helped to keep milk production up at the Home. (Star Staff Photos).

## Omaha Retaining Sign As Top Livestock Center, Says Coffee

OMAHA (AP)—There's a big sign over the bridge at the Omaha Stock Yards reading "Omaha World's Largest Livestock and Meat Packing Center."

"And it's going to stay there," Union Stockyards President Harry B. Coffee said Tuesday.

For the first 11 months of 1955, total livestock receipts in Omaha amounted to 6,099,642, compared to 5,710,465 for Chicago, which heretofore has stayed ahead of Omaha in totals. However, United States Department of Agriculture reports showed that during the same period Chicago had 5,039,206 head of salable livestock compared to 4,896,934 for Omaha.

On livestock slaughter the totals for 11 months of the year included:

Cattle—Omaha, 1,595,124; Chicago 1,236,265. Hogs—Omaha, 3,410,487; Chicago, 2,997. Sheep—

Omaha 802,027; Chicago 307,359.

This, said Coffee, means that Omaha is 29 per cent over Chicago in cattle slaughter; 23.2 per cent ahead in hog slaughter and 160.9 ahead of Chicago in slaughter of sheep.

## Show Cause Order Entered Against Pair

AUBURN, Neb.—District Judge Virgil Falloon of Falls City entered an order in District Court Tuesday directing Melvin Mullenax and Robert Skeen to show cause why they should not be prosecuted for contempt of court.

The motion and show cause order, filed by attorneys John C. Sheldon, Lincoln, and George N. Stanley of Talmage, contended Mullenax and Skeen failed and refused to obey the ruling and order of the court made on Dec. 4. The court had directed them to answer questions.

### Taxpayers Suit

They allegedly refused to answer questions in a deposition hearing in connection with a taxpayers suit against Nemaha County Commissioner John P. Moren.

Attorneys Sheldon and Stanley sought the deposition to support a suit brought by Merlyn Osborn and Richard Grassmeyer of Talmage, officers in the Tri-County Road and Bridge Assn.

The suit followed a 1954 State Auditor's report which called attention to Commissioner Moren's apparent indorsement of Nemaha County warrants to Mullenax and Skeen. State law prohibits a county officer from doing business with the county and the suit alleged a violation by Moren.

Mullenax and Skeen invoked the fifth amendment in refusing to answer questions in the deposition.

## Dream Hampers Polk Youngster's Holiday Activities

Lincoln Star Special

POLK, Neb.—Calvin Crow won't be able to play with his Christmas toys too well. He's carrying his arm in a sling.

Calvin, who is ten, watched the Christmas story of Scrooge and his dream over television. After retiring, he began to dream of the old man and of Tiny Tim . . . Result, he fell out of bed . . . A hurried trip to the doctor disclosed a broken arm.

"He not only cut down on his Christmas fun, but his accident cut quite a hole in our Christmas spending budget," said his mother, Mrs. Sidney Crow, who added with a chuckle, "I hope he doesn't do any more of that kind of dreaming."

# 118 Get Practical Nurse Licenses

## ... First Issued Under New Law

The State Board of Nursing Tuesday announced the licensing of 118 practical nurses in the first group to take the examinations after the new licensing law passed by the 1955 Legislature took effect in September.

Practical nursing license No. 1 in Nebraska went to Mrs. Louise Casey of Omaha, who was scheduled to come to Lincoln to receive it from Commissioner of Education F. B. Decker, ex officio member of the board.

Nebraska is the 46th state to have licensure of practical nurses. Mrs. Casey is secretary of the

Practical Nurse Association of Nebraska, and was active in the movement to obtain the passage of the law.

Forty-nine of those passing the examination were from Omaha and 11 were from Lincoln.

Four came from Iowa.

The list follows:

**Lincoln**

Anita Brewer, Gerde Burchardt, Ada Davenport, Nona Hall, Donna Holte, Emma Jacobson, Astrid Johnson, Louise Kuhn, Grace Kinney, Fern Schroeder, Elsie Williams.

**OMAHA**

Jeane Anderson, Lyndall Bath, Selma Bergstrom, Beatrice Blaes, Mary E. Bohling, Mary Bonnemier, Ella Ross, Louise Casey, Catherine Christensen, Winetta Clement, Mildred Cole, Donna Cruys, Norma

Dunkak, Kathleen Manning Ellis, Audrey Fitzpatrick;

Shirley Gieddes, Antonette Green, Dorothy Hardison, Kathleen Henderson, Leona Herdington, Gracie Houtner, Mildred Jacob, Ester Jansen, Arlene Kadron, Meta Hansen Lund, Ethel Madison, Marilyn Manning, Evelyn McCoy, Raynelda Mosley, Edna Morrow, Theresa Ned, Karen Nelson, Doris Orduna, Meta Perleback, Joan Pierner, Addie Porter, Hazel Pridoux, Patricia Reagan, Emma Roloff, Lydia Seitz, Edna Schwisow, Betty Sherman, Ester Starks, Rosalie Stewart, Hannah Tracy, Stella Weizorek, Iva Willis, Kate Wright, Ada Phinps.

**Nebraska City**—La Verne Blakeman, Margorie Bralfovalte, Erna Harmon, Alice Jenkins, Delora Karella, Della Weber.

**Keosauqua**—Josephine Carlson, Alice Gibson, Laura Taylor, Frances Whitney.

**Nebraska City**—Elsie De Vos, Nellie Morgan, Grace Stoll, Catherine Waller, Edna Heaton, Seward, Edna Hullman, Diller, Phyllis Miles, Wahoo; Mildred Oht, Bennington, Clara Ohl, Frank; Lou Olson, Seward; Ruby Poake, David City; Elizabeth Rehman, Alma; Minnie Snyder, Nelson; Pauline Tyndall, Macy.

**Iowa**—Dorothy Danielson, Cora Erven, Anna Siebert and Estia Lamb.

## Weather Ahead

Extended forecast for Nebraska:

Temperatures will average from about 5 degrees above normal over northeast Nebraska to 5 to 10 above over southwestern Nebraska, with warmer first of period, colder eastern Nebraska about Friday, warmer Saturday with no other important change indicated. Normal minimum temperatures 12 to 15; normal maximum middle 30s. No precipitation of consequence indicated during the period.

## Bahensky Files

State Sen. LeRoy Bahensky of Palmer filed Tuesday for re-election to the Legislature. He seeks a second term from the 29th District, which includes Greeley, Valley and Wheeler Counties.

## STANTON DELAPLANE

## POSTCARD

The business of trimming the Christmas tree has progressed a good deal since my salad days. When I was a boy, tree trimming required only last year's ornaments and a handful of popcorn.

All this has changed, my masters. Today's tree calls for a master electrician and an interior decorator. A sound temper in a sound mind. A dozen extra fuses and a willingness to forgive thine enemies, the assistant tree trimmers.

In short, it calls for more than man can bear. That is true of most of modern life.

Well, I distinctly remember coiling away last year's strings of lights so carefully. So delicately. Without jostling a single, glowing bulb.

So tell me this: How is it possible that the whole string is now in a Gordian knot that would set Alexander to weeping?

There is nothing more wearing on the Christmas spirit than an hour's session on the floor. Untangling the electrical fixtures.

I am aided in this operation by a Siamese cat. The Siamese knows why this string of lights is in such gorgeous disarray. It was fixed

that way so that Siamese could have something to play with. Scat! Poor Mike. He is suffering from poison oak again. His back itches. What shall he scratch his poor back upon? Why, the new Christmas tree of course. Those nice scratchy needles. Crash!

My first assistant is a young lady of 12 years who shares my Yuletide joys.

At present she is watching TV. Range riders are galloping over the screen after them varmint rustlers. Bang!!! Bang!!! Take that And that You rustling varmint.

Oh, there will be singing in the old corral tonight.

"Are the lights nearly ready, father?"

"Shaddap!"

"You don't have to scream. I just asked."

"Quiet! Blast and blast!"

Oh, joyous Noel. Oh, Merry Christmas.

\*\*\*

The string of lights is now untangled. But we are smart. Once upon a time, I put the lights on the tree first. Now I plug in the socket first.

Just as I thought, a bulb is burned out along the string. This cuts out the whole string of lights since one depends on the other. There is a new type of Christmas tree light where each bulb is independent. But this is an old string.

We now go down the string of lights, replacing bulbs. A fascinating business. If only one bulb is burned out, we find the trouble immediately. But if there is more than one, a good replacement is cancelled out by the unknown other burned-out bulb.

There are about as many chances of hitting the right combination as there is of filling the inside of a straight flush. A matter of millions to one.

Hardly a tree is erected without blowing a fuse. I have fuses by the dozen standing by. We shall need them.

The McNaught Syndicate, Inc.

...FOUR ROSES BOURBON is more than just a single fine straight whiskey. It is a combination of several great bourbons. That's why you'll be thanked for giving the best bourbon there is!

## Judith Wiebe Is Bride

For the wedding of Miss Judith Corinne Wiebe, daughter of Mr. and Mrs. John H. Wiebe, and William Eastman Shainholtz, son of Mr. and Mrs. W. E. Shainholtz of Omaha, which took place on Tuesday evening, Dec. 20, the chancel of the Westminster Presbyterian Church was banked with evergreen trees to create a background for the white satin reredos, banded with white poinsettia and the arrangements of tall cathedral candles, in single holders, which appointed the chancel. Candles, festooned with evergreen and caught with white satin bows, marked the processional aisle. The 3 o'clock ceremony was solemnized by the Rev. Frederick A. Roblee, and the wedding music was played by Miss Josephine Waddell, organist.

Miss Ruth Wiebe was her sister's maid of honor, and the bridesmaids were Miss Lois Srb, Palo Alto, Calif.; Miss Mary Jo Shainholtz of Omaha, and Miss Lynn Holland. The attendants appeared in alike frocks of pea de soie in a jewel-tone green which were designed with a sculptured neckline that was portrait length in front and extended into a deep V at the back. The V was repeated on the skirt to emphasize back fullness which accented the sheath line in the front. Each carried a bouquet of white poinsettia against a background of silvered lemon foliage.

Gus Lebsack of Sioux Falls, S. D., served Mr. Shainholtz as best man, and the corps of ushers included Frank Prucha, Joe Prucha and John Nyberg, all of Omaha; Robert Baker, Sheridan, Wyo., and William Campbell. The bride appeared in an exceedingly smart gown of pure white Italian silk. Designed on slender lines, the long-sleeved bodice, fashioned with a neckline that extended from a cuffed bateau in the front to a deep V in the back, deepened to smoothly swath the hips beneath which the wide skirt flared into accentuated fullness. Hand-embroidered lace formed an overlay for the neckline cuff and was repeated to complete the elongated waist, and to band the skirt. Her tiered veil of illusion was held to the head with a crown of sterling silver leaves and minute orange blossoms that had been presented to her grandmother by her grandfather on their 25th wedding anniversary, and she carried a cascade bouquet of paper white narcissus and stephanotis, centered with white poinsettia.

After the reception, held in the church parlors, Mr. Shainholtz and his bride left for a honeymoon trip to Aspen, Colo., and upon their return to Lincoln they will reside at 2534 J St. For traveling, Mrs. Shainholtz wore a brown suit, collared in mink; brown accessories and a honey-toned topper.

The bride is a graduate of the University of Nebraska, where she is a member of Delta Gamma sorority, and now is a member of the Lincoln public schools faculty. Mr. Shainholtz was graduated from the University of Nebraska College of Pharmacy and now is attending the University of Nebraska College of Dentistry. He is a member of Sigma Alpha Epsilon fraternity, and Xi Psi Phi, dental fraternity.

## Just A Wee Bit Crowded

WE'RE a bit on the skimpy side this morning — but we'll make up for it another day — It isn't the news that's lacking, it's just that we're a bit crowded — However, there is news in which you'll be interested — such as the fact that Mrs. Carl Weil leaves today for Evergreen, Colo., where she will spend the holidays as the guest of her son and daughter-in-law, Mr. and Mrs. B. A. Weil and their children, Carl Weil, II, and Cheryl.

## Pupils Entertain PTA

Parents and teachers of WHITTIER PTA met at the school Tuesday morning for a 9 o'clock coffee hour. The annual Christmas program of the school was presented at 10 o'clock by music pupils at Whittier.

Hostesses for the coffee were Mrs. A. W. Honnor, chairman, Mrs. Carleton Flynn, Mrs. Claude Butts, Mrs. Mac J. McGill and Mrs. William D. Bowlers.

Dr. C. Vin White, minister of First Presbyterian Church, was guest speaker Tuesday afternoon at the meeting of RILEY PTA. Dr. White's topic was, "Working Together for the Enrichment of the Spiritual Life of Our Children." The program also included Christmas music by 3rd, 4th and 5th grade pupils.

Mrs. Norris Swanson was chairman of the hostess committee assisted by Mrs. Doyle Free, Mrs. Ada Lyle, Mrs. Wayne Johnson, Mrs. Charles Cary and Mrs. Sterling Ross.

In place of the regular monthly meeting of HARTLEY PTA, the members attended the annual Christmas program of the school pupils held at 11 o'clock Tuesday morning.

Faculty members were in charge of arrangements and the program, which included carols, a play and choral readings by 4th, 5th and 6th graders, was directed by Miss Eleanor Swanson, principal.

A medley of Christmas carols by the 5th and 6th grade chorus opened the annual Christmas program of COLLEGE VIEW PTA Tuesday afternoon. Following a short business meeting, at which Mrs. Stanley Hawley presided, each grade in the school presented an act featuring a Christmas carol or song.

Refreshments were served at a table appointed in the holiday motif. Mothers of 3rd graders were hostesses with Mrs. George Preece, Mrs. G. E. Deitemeyer and Mrs. Ralph Tyler in charge of arrangements.

At the Tuesday afternoon meeting of HAYWARD PTA, the program of Christmas music was presented by the Hayward choir. The program also featured A

Christmas Story by the Rev. Edwin Mehlhoff.

Following the business meeting, a social hour was held with mothers of 3rd graders as hostesses. Co-chairmen were Mrs. Alvin Hoffman and Mrs. Carl Glantz.

At the Friday evening meeting of WILLARD PTA, held at the school, a Christmas play in song was presented by the 5th and 6th grade pupils.

The program also included two films, "Christmas Through the Ages", and "The Littlest Angel", after which a gift exchange was held for the PTA members.

Hostesses for the social hour were Mrs. Robert Eddens, Mrs. Franklin Sheldon and Mrs. Charles Struble.

Jewett's niece, Miss Jane Martin of Yakima, Wash., who is attending Whitworth College, Spokane, Wash., and who will be a holiday guest in Lincoln.

THURSDAY will bring Mr. and Mrs. Donald L. Johnson of Pueblo, Colo., to Lincoln where they will be the guests of Mrs. Johnson's parents, Mr. and Mrs. B. H. Williams, during holiday week. Complimenting Mr. and Mrs. Johnson (she is the former Betty Williams) Mr. and Mrs. Williams will entertain informally at an open house on Friday evening, and again on Monday evening.

THE THOMSONS — Dr. and Mrs. J. E. M. — planed in on Monday evening just in time to attend the DuTeau-Minnick wedding reception at the Lincoln Country Club where they were given a most enthusiastic "welcome home" by all of their friends — Dr. and Mrs. Thomson have had a most interesting trip around the world, met and were entertained by exceedingly interesting people and were found equally interesting by their hosts and hostesses — Dr. Thomson was busy — as usual — He was the guest speaker for many foreign medical groups from one side of the world to the other.

## Druggists' Wives To Meet

The Lincoln Druggists' Wives will meet for their annual Christmas luncheon on Friday at the home of Mrs. R. E. Weirich, 2730 Sheridan.

Following the 1 o'clock luncheon, the afternoon hours will be spent informally and the group will decorate a small Christmas tree with gifts of money in bright Santa Claus boots. The club will present the tree to the LARC School.

## Madam Chairman

## AFTERNOON

Havelock YWCA 2 o'clock coffee hour and Christmas program at the center.

Belmont PTA, 2:15 o'clock at the school.

St. Teresa Home-School Association, 1:30 o'clock at the school.

## EVENING

Live Y's Club, 6 o'clock dinner and program at the YWCA.

Tops Club, 7:30 o'clock at the YWCA.

Lincoln Air Force Base NCO Wives Club, 6:30 o'clock dinner at Twin Pines.

## A Trojan Horse Bearing Gifts

For several years, the members of Altrusa Club have filled their large wooden horse, Pedro, with a variety of toys to entertain and delight small patients in Lincoln hospitals during the Christmas season. Pedro has proved so popular that this year the club members have acquired

a new horse, Carlos, who made his first appearance Tuesday afternoon in the pediatric ward at St. Elizabeth Hospital.

Completely enthralled with a horse that rolls on wheels are three year-olds Francis Hodiwalker, and Roslynd Neubauer who are selecting their gifts with the help of Mrs. William C.

Stockfield (at left) and Supervisor Beverly Moss.

## Candlelight Service

MRS. PETER GEORGE TUIN

The chancel of Vine Congregational Church was lighted by white candles burning in floor candelabra, and appointed with arrangements of white gladioli, for the marriage of Miss Jo Ann Louise Mohler, daughter of Mr. and Mrs. Ewart Gladstone Mohler, to Lt. Peter George Tuin, son of Mr. and Mrs. Harm Tuin of Slayton, Minn., on Tuesday evening, Dec. 20. The 8 o'clock ceremony was solemnized by the Rev. Verne A. Spindell, and Miss Margaret McGregor, organist, played the wedding music. Miss McGregor also accompanied John Cole, the vocal soloist.

Wearing alike frocks of crystaline in the spruce green tone were Mrs. Sterling H. Maus, as the matron of honor, Miss Jane Johnson, the maid of honor, and the bridesmaids, Miss Grace Tuin and Miss Barbara Martin. Minute pleating banded the low, rounded necklines of their snug basques, and the pleated motif was repeated at the hip yokes of their flaring, ballerina skirts which were completed at the back by picture bows of the crystaline. Miss Johnson carried a cascade arrangement of peppermint carnations, and the attendants' bouquets were fashioned of white pompons.

Miss Suzan Maus was the

flower girl, and lighting the candles were Miss Beverly McCaig and James Johnson. Steven Farmer was the ringbearer.

Serving as best man was Ernest Yaeger, and the ushers were Jerry Mohler, brother of the bride, Frank Eisenbraun, Earl Yaeger, Alan Farmer, Sterling Maus and George Mitem.

White tulle and Chantilly lace smoothed over satin fashioned the bride's gown. Soft folds of tulle traced with opalescent sequins framed the heart-shaped décolletage of the lace bodice, and the sleeves of lace were long and tapered. Beneath a peplum formed by double tiers of the lace, the full tulle skirt extended into a whisper train, and her waist-length veil of illusion was held by a Juliet cap of the lace banded with sequins. She carried a bridal bouquet of white gladioli and pompons.

Following the reception, held in the church parlors, the couple left for an eastern wedding trip. Lt. and Mrs. Tuin will reside in Lincoln where the bridegroom is stationed at the Lincoln Air Force Base.

Mrs. Tuin is a former student at the University of Nebraska, and the bridegroom attended South Dakota State College, Brookings, S.D., before entering the Air Force.

## Sorority Has Christmas Party

A gift exchange climaxed the annual Christmas party of Kappa Chapter, Beta Sigma Phi sorority, which was held Monday evening at the home of Mrs. Floyd Randolph.

The chapter members were photographed as Miss Norma Lewandowski (seated on the floor at the coffee table) opened her gift of crystal goblets. At the far left are Miss Marjorie Schlagel, Miss Zeel Christenson, Mrs. Clinton Hoover, Miss Charlene Fisher and Miss Maxine Schroeder.

Seated on the couch (from the left) are Miss Janice Andrewjeski, Miss Phyllis Rzeszotarski, Miss Delene Shormann and Miss Janet Jensen. On the floor (left to right) are Miss Dolores Kilgore, Miss Margie Obrist, Miss Sheila Steinauer, Miss Mary

Reese, Miss Esther Pfeiffer, Mrs. Randolph, the hostess, Mrs. James Mikkelsen and Mrs. Charles Bukin.

## Administration Unfolds Plans For Medical Research Expansion

### ...New Cancer, Heart Campaigns Planned

WASHINGTON (AP)—Plans for a major expansion in medical research, including new campaigns against cancer and heart disease, were unfolded by the Eisenhower administration Tuesday.

Congress will be asked to give the U. S. Public Health Service from 25 to 30 per cent more money next year for its research projects.

Secretary of Welfare Folsom did not give a dollar and cents figure when he announced the proposed expansion at a news conference, but indications are that 25 million dollars or more in new funds will be sought.

Folsom also disclosed plans for a "considerable increase" in federal grants for public school construction. Again, he did not say how much. The administration proposed 200 million over a three-year period earlier this year, but Congress did not vote any funds.

#### Aid To Schools

Another recommendation to Congress, Folsom said, will be for a new program of federal assistance to medical and dental schools and nonprofit research institutions for the building of new facilities on a 50-50 matching basis.

It was Folsom's first news conference since he succeeded Mrs. Oveta Culp Hobby as head of the Health, Education and Welfare Department last August.

While the secretary did not disclose the estimated cost of the new programs, he said "helpful recommendations from advisory councils in each specific field are being coordinated into a sound, balanced over-all program."

"More emphasis will be placed on basic research... research operations at the National Institutes of Health would be expanded, but most of the additional funds would be allocated in grants for research projects by others—research

schools, hospitals, health agencies, private laboratories and individual scientists."

#### Seven Major Fields

Folsom said more money would be available to each of the seven major research fields in which the Public Health Service is now engaged. In addition to cancer and heart disease, these are mental health, arthritis, neurology, dental health and many aspects of microbiology.

As part of its educational program, Folsom said, the administration will advocate a 750-million-dollar fund to buy bonds from low-credit school districts and 150 million to help establish a school bond guarantee fund.

A main principle on which he said the conference and the administration agreed was that any assistance should be pegged to need and effort by states and local school units to meet their own needs.

Folsom said the administration was "seriously considering the need" for a White House conference on higher education and the possible need for federal aid to colleges.

### 'Congress Needs People's Guidance'

WASHINGTON (AP)—Sen. Hruska said Congress "must have the guidance of the people" during the next session in deliberations on farm problems, government responsibility to schools and whether a reduction in the national debt should result from that nation's prosperity.

"We who represent the nation in Congress, must have the guidance of the people as we make decisions on these vital matters," he commented.

## Polanegri, Persian Cat, Dies At Ripe Old Age Of 25 Years

Polanegri, the famous grey Persian cat owned by Mrs. J. M. Neely, Sr., 1845 So. 48th, has died at the ancient age of 25.

The mother of more than 75 kittens and a faithful companion to

Mrs. Neely, Polanegri "just weakened and died." She had stopped eating 10 days ago.

With the average cat life figured to be 10 years, Polanegri's 25 years are equal to more than 200 years for a human being. Mrs. Neely knows of only one other cat, in New York state, that reached the age of 25.

Polanegri's last kitten was born when she was 18. Many animal authorities have attested to the unusual length of her life.

## Pen Area School Switch Nearly Set

A public hearing on a proposed transfer of part of School District 76 to the Lincoln school district will be held at 10 a.m. Saturday, Dec. 31, in the office of County Superintendent of Schools Glenn E. Turner.

The Lincoln Board of Education has already approved petitions of Penitentiary officials to bring the District 76 section into Lincoln so their children can attend school without paying tuition. The hearing is only a formality required by law.

## Malone Center To Have Christmas Party Friday

The Malone Community Center will hold a Christmas party Friday at 8 p.m.

The program will include a nativity scene portrayed by the children and a visit from Santa Claus, with treats for the children.

Is Business Booming? Financial pages of the "Sunday Journal and Star" tell you. You'll also be interested in company promotions and forecasts for the months ahead.

## Prober Named

WASHINGTON (INS)—A Seattle lawyer was named to direct the Senate Commerce Committee's investigation of radio and television slated for next month.

Chairman Warren G. Magnuson (D-Wash.), announced the appointment of Kenneth A. Cox, 39, a partner in the Seattle law firm of Little, Lesourd, Palmer, Scott and Slemmons.

## 15-Year Contract

NEW YORK (AP)—Singer Eddie Fisher has signed a 15-year exclusive radio and television contract with NBC. The terms were not disclosed.

## Already Has His Mind Made Up!

This handsome young lad has just received his first Cadillac!

And as you watch him here, you can see that he is giving it the care and affection that only a boy can confer upon his most prized possession.

In fact, we'd be willing to wager that he has already made up his mind what car he'd like to own when he grows up!

And what a grand and glorious thrill that next Cadillac will be!

We know because we've seen it happen so many times... and we've never found a man in a happier frame of mind than when he comes in, for the first time, to take delivery of a new Cadillac.

You simply can't mistake the pride in his face or the happiness in his heart as he takes the keys

... and slides behind the wheel... and heads for that happiest of homecomings.

There's no question about it—that will be his "day of days"!

And this, by the way, is a wonderful year to make a boyhood dream of a Cadillac come true.

Never before has the car offered so much in beauty or luxury or performance as it does today.

And on the business side of the ledger, the facts are equally impressive. There is Cadillac's surprisingly low original cost... its remarkable operating economy... and its great resale value.

So this year, why not follow your heart... and stop in at our showroom?

We'll be waiting for you with a warm welcome and a wonderful car.

**Commodore Pacemakers**

Pacing the Vanderbilt offense against Nebraska at the Coliseum tonight will be forward Bobby Thym (left) and Al Rochelle, guard. Rochelle, a 6-0 junior, is

leading point-getter on the Nation's eighth-ranked team with an 18-point average in five games. Thym, 6-1, with a 14 point average, is the third high Vanderbilt scorer.

## Kentucky, Dayton Clash Set For Tourney Finale

LEXINGTON, Ky. (AP) — Kentucky, getting a 27-point performance from center Bob Burrow, downed Minnesota to advance opposite Dayton in the finals of the Kentucky Invitational Tournament.

Dayton, powered by 35 points by hard-driving, dead-eye Jim Paxton, defeated Utah 77-73 in a clash of nationally ranked, unbeaten powers.

Minnesota and Utah meet for third place preceding Wednesday night's championship test.

Burrow, rested late in the game after accumulating four personal

fouls, but returned to action long enough to sprain his ankle and make his performance in the finals questionable.

Minnesota, its short-shooting working well in the late stages, outdrew Kentucky 22-14 in the windup but never came closer than 6 points.

It was the shooting of David Ticker, George Kline and Gerald Lindsley that kept the Gophers in the ball game. Lindsley had 18, Kline 17 and Tucker 16.

Gerry Calvert, Kentucky's peppy guard, contributed 16 for the winners.

Utah, the No. 3 power in The Associated Press poll, rallied late in each half against Dayton but never strongly enough.

Paxton, a 6-6 senior, accumulated 12 goals and 11 free throws before fouling out with 6 minutes and 28 seconds to go, most of his infractions called for offensive charging.

Dayton, the No. 4 team in the AP poll, bounced quickly to a 12-point lead, but saw its advantage fade to 36-35 at the half as Gary Bergen, upsetting the Dayton offense with frequent pass steals, brought the Utes within striking distance.

## Sooners Edged In Close One

NORMAN, Okla. (AP) — Oklahoma A&M pulled out a 67-66 basketball thriller over rival Oklahoma Tuesday on Mack Carter's lay-up with 38 seconds left in the game.

The score was traded back and forth during the closing minutes after the Sooners dominated the first half, leading at intermission 37-32.

A packed crowd of 5,600 jammed the fieldhouse for the game, first of two seasonal clashes.

After the Aggies pulled into a 58-57 lead with 7½ minutes remaining, LeRoy Bacher, 6-foot-5 Oklahoma center who led scorers with 21 points, put the Sooners ahead 59-58, but it was a shortlived lead.

Carter and sophomore forward Joe Crutchfield, also 6 feet 5, teamed to bring the Cowboys back up 62-61 at the six-minute mark.

And the turning point of the game came when Bacher fouled out with 3½ minutes to go after the Sooners lost 6-0-6 Joe King.

That left Jimmy Peck, a 5-foot-9 guard, on the post with the Sooners leading 66-64 after Peck's driving jump shot.

Crutchfield made it 66-65 with 1:21 to go on a charity toss.

OU controlled the rebound but lost it on a bad pass. Carter recovered and followed with his game-clinching bucket.

RICHMOND WALLOPED

MORGANTOWN, W. Va. (AP) — West Virginia rolled to its third Southern Conference basketball victory of the season Tuesday night with an 89-74 wallowing of Richmond.

with a smile, "gets most of its stars from Pennsylvania and North Carolina State draws its players from all over the country."

We were reluctant to ask brother McGuire how come so many New York boys leave New York for an education. It may be that they like the southern climate for basketball, just as they appear to rove to the midwest, far west and southwest for their football and incidentally an education.

No school in the United States has better coaches in all sports — nor better paid ones — than Columbia. But as one of them said recently, the trouble is Columbia insists that its boys be able to read and write.

Of course, that's an exaggeration but the coach wished to stress the fact that Columbia has no trick courses for athletes. Nor has it any fat inducements other than for athletes.

All things considered the wonder is that colleges in the Metropolitan area manage to keep as many good athletes as they do.

Frank McGuire, former basketball coach at St. John's University of Brooklyn, and now coach of North Carolina University, declares New York City turns out more great basketball players than any other part of the country.

Frank speaks with authority for most of his fine squad are boys from Brooklyn.

With refreshing frankness, he admits that he had the five New York boroughs — Manhattan, Bronx, Brooklyn, Queens and Staten Island — and New Jersey, too, pretty well, staked out.

"Duke University," he says

## Sooner First, Second Teams Battle To Tie

NORMAN, Okla. (AP) — What Oklahoma football fans have been saying all along, that there isn't much to choose between the first and second Sooner teams, proved true in Tuesday's scrimmage.

The reserves, paced by halfback Clendon Thomas, and the first-stringers, led by All-American back Tommy McDonald, played each other to a 6-6 stand-off.

The various Sooner teams scrimmaged two hours in preparation for the Orange Bowl clash Jan. 2 with Maryland, their final drill here before the big game.

A 90-yard punt runback by McDonald saved the starters from a whitewashing after Thomas, his sophomore understudy, went over for the first touchdown following a recovered fumble.

The scrimmage provided a sparkling duel between the pair. McDonald connected three passes for 53 yards and received a 32-yard toss from quarterback Jimmy Harris. He also rushed 116 yards.

Thomas rushed for 75, including a 42-yard dash, and got off a pair of brilliant boots. One of them was a quick kick for 80 yards and the other a 50-yard punt.

DETROIT (AP) — The University of Detroit basketball team, beaten twice in Houston over the week-end, rebounded with a record breaking performance on its home court Tuesday night in whipping Baldwin-Wallace 109-85.

The total was an all-time high for the Titans. The two-team total also was a record for Detroit basketball.

Bill Ebben, Detroit's sharp-shooting forward, led the scoring barrage with 35 points. Don Hasse, a reserve center, had 26 for the winners. Wynn Hawkins, with 26, was tops for Baldwin-Wallace.

Duke Whips Pitt

PITTSBURGH (AP) — Undeclared Duke copped its sixth basketball victory of the season Tuesday night, trouncing Pitt 92-54. The Panthers, whose record now is 3-3, trailed 42-28 at the half.

Tossed One-Hitter

He established a National League record of seven home runs for a pitcher. He batted .359 but had a

slugging average of .632. As a pinch-hitter, he batted .381.

Newcombe's peak pitching performance for the year came on May 10, when he hurled a one-hitter and shut out the Chicago Cubs 3-0.

Two representatives of the Lincoln Chiefs will be part of a group of Western League officials scheduled to meet today with a Topeka, Kan., group interested in getting a WL franchise for their city.

Chiefs General Manager Dick Wagner and J. Vaulx Risser, a member of the board of directors, will attend the meeting in Topeka, called by O. M. Hobbs, Colorado Springs, president of the league.

Topeka has been considered as one of the prospects for the eighth team in the loop. The league was reduced to seven members when Wichita was drafted by the American Association the first of this month.

**Ronnie Knox Back In Uniform**

Ronnie Knox, UCLA's passing star who broke a bone in his right ankle 5½ weeks ago, talks over prospects for getting into the Rose Bowl game against Michigan State with Coach Red Sanders Tuesday. Knox showed up in uniform and appeared

with his ankle heavily bandaged for a practice session devoted to photographers. Sanders said Knox would work out in earnest beginning next Monday and said he was optimistic about his chances of playing if he didn't re-injure the ankle. (AP Wirephoto.)

## Newcombe In Brooks' Fold With \$7,500 Raise

By WILL GRIMSLEY

BROOKLYN (AP) — Don Newcombe, the once rebellious righthander who shifted from doghouse to stardom for the Brooklyn Dodgers, signed his 1956 contract Tuesday for a reported \$25,000.

This is \$7,500 above the paycheck he received in 1954, but a compromise of the \$30,000 figure he said a couple of months ago he would demand or stage a holdout.

The 240-pound pitcher, whose 20 victories and 359 batting average helped propel Brooklyn to the National League championship, reached an accord with Vice President E. J. (Buzzy) Bavasi in the Dodgers' Flatbush offices.

"Very Happy"

Then he rushed over to Jersey City to participate in ground breaking ceremonies at Roosevelt Stadium, where Brooklyn will play seven games next season.

"I am very happy over the deal," the 29-year-old giant from Colonia, N. J., said after the signing. "If hard work will make me have a good year, I'll have a great one."

This attitude is in direct contrast to that displayed by the big Negro star last May 4 when, after being ordered by Manager Walt Alston to pitch batting practice, he flatly refused.

The sulking righthander was ordered by his manager to take off his uniform and go home under indefinite suspension. Recalling the incident later, Newcombe said, "I was so mad I didn't care if I ever pitched for the Dodgers again."

Had 20-5 record

But, cooling off later, he repented for his actions, called Alston and apologized.

Then the chastened Newcombe proceeded to carve out one of the most fantastic pitching and hitting records in baseball annals.

In all, he won 10 games in a row and, after losing one, added eight more victories to compile an 18-1 record by July 31. He slackened a bit later in the campaign but finished the season with a 20-5 won-lost record, second only to the 23 victories of Philadelphia's Robin Roberts, and had an earned run average of 3.19.

All the while, he was punishing the ball at bat with a vengeance which he'd never before experienced.

Tossed One-Hitter

He established a National League record of seven home runs for a pitcher. He batted .359 but had a

slugging average of .632. As a pinch-hitter, he batted .381.

Newcombe's peak pitching performance for the year came on May 10, when he hurled a one-hitter and shut out the Chicago Cubs 3-0.

## 8th Ranked Vanderbilt To Visit Here Tonight

Nebraska will be hoping for a bit of "home-court magic" tonight against the nation's eighth-ranked team, Vanderbilt.

The Huskers' only wins this year—two in six starts—have been at the Nebraska Coliseum.

Vanderbilt, undefeated in five games, boasts wins over Sewanee, Texas A&M, Ohio State, Oklahoma and Georgia. The Buckeyes came the closest to tipping the high-stepping Commodores, losing 67-76.

A pair of high-scoring guards pace the Vanderbilt attack. Al Rochelle, 6-0 junior, and Babe Taylor, 6-1 senior, are the leading scorers. Rochelle is pouring in an average of 18 points per game, and Taylor is flying at a 16 point clip.

Bobby Thym, 6-1 forward, is averaging 14, and Charley Harrison, 6-6 senior, is the fourth man to average in the double-figures with 13.

Another 6-6 man, Joe Gibbs, completes Coach Bob Polk's visiting team.

The Huskers, after fading badly in the second half against Wisconsin Monday night to take a 71-52 drubbing, will be on the short end of the height tonight.

Don Smidt and Rex Ekwall, at 6-4, will be expected to do the rebounding chores for Coach Jerry Bush's quintet.

Charley Smith, leading Husker scoring at an 18 points per game pace, will start at a forward. Sophomores Jim Kuba and Gary Reimers are expected to start at the guard spots.

Bob Mercier and Norm Coufal will probably see action, as will sophs Lyle Nannen and Jim Thon.

There will not be a preliminary game. The scrap tonight will be the final Husker outing before the Big Seven Pre-season tournament at Kansas City next week.

PROBABLE STARTERS

NEBRASKA VANDERBILT  
Smidt (6-4) Gibbs (6-0)  
Smith (6-1) Thym (6-1)  
Ekwall (6-4) Harrison (6-6)  
Kuba (5-9) Rochelle (6-0)  
Reimers (5-10) Taylor (6-1)  
Officials—Alex George, Notre Dame, and John Fraser, Illinois  
Game Time—8 p.m.

## POINT BLANK

By Don Bryant  
Sports Editor, The Star

(Today's Point Blank column is written by Pat Robinson of International News Service in the absence of Star Sports Editor Don Bryant, who is on vacation.)

NEW YORK (INS) — Judging by the records it would appear that the New York area turns out fewer star athletes than any other section of the country.

Certainly it must be admitted that none of the colleges in and around New York City can compete with powerhouses in football, baseball and basketball from other areas.

However, the fact is that New York City is the home of some of the greatest athletes in the country. Unfortunately for Father Knickerbocker, his athletic sons go elsewhere for an education.

Fordham and New York Universities, once football powerhouses, now have no football teams. Columbia is a member of the Ivy League, but its football doesn't rate with any of the strong teams of the midwest, far west, south and southwest.

The same holds true for baseball and to some extent for basketball.

Frank McGuire, former basketball coach at St. John's University of Brooklyn, and now coach of North Carolina University, declares New York City turns out more great basketball players than any other part of the country.

Frank speaks with authority for most of his fine squad are boys from Brooklyn.

With refreshing frankness, he admits that he had the five New York boroughs — Manhattan, Bronx, Brooklyn, Queens and Staten Island — and New Jersey, too, pretty well, staked out.

"Duke University," he says

with a smile, "gets most of its stars from Pennsylvania and North Carolina State draws its players from all over the country."

We were reluctant to ask brother McGuire how come so many New York boys leave New York for an education. It may be that they like the southern climate for basketball, just as they appear to rove to the midwest, far west and southwest for their football and incidentally an education.

No school in the United States has better coaches in all sports — nor better paid ones — than Columbia. But as one of them said recently, the trouble is Columbia insists that its boys be able to read and write.

Of course, that's an exaggeration but the coach wished to stress the fact that Columbia has no trick courses for athletes. Nor has it any fat inducements other than for athletes.

All things considered the wonder is that colleges in the Metropolitan area manage to keep as many good athletes as they do.

## Louisville Beats Syracuse, 51-48

SYRACUSE — Louisville beat Syracuse, 51-48, in an overtime game here Tuesday night using a stall to keep the host team scoreless in the extra period.

Score at the end of regulation was 48-48. Louisville took the lead on a field goal by Eager and a free throw by Bill Workman, and then stalled to win the Southeast 35 Conference game

# Standings In Top Ten Uncertain

...Except For Dons

By HUGH FULLERTON JR  
The Associated Press

Although the experts have settled on San Francisco as the No. 1 team, college basketball's leaders hardly stand still long enough to get into an orderly ranking.

On the basis of results through last Saturday, 150 sports writers and broadcasters participating in the weekly Associated Press ranking poll listed San Francisco, North Carolina State and Utah as the top three teams—the same positions they had held the week before.

Then they shuffled the other teams around and came up with Dayton, Brigham Young, North Carolina, Holy Cross, Vanderbilt, Kentucky and Iowa as the remainder of the top 10.

Before these experts could get their collective opinion into print, look what happened! Alabama, dropped from fifth place to 16th as a result of two losses last week, knocked off Holy Cross, which had moved up from 10th to seventh in the balloting.

The top 10 teams with won-lost records through Saturday's games and first-place votes in parentheses (points based on 10 for first place, 9-8, etc.):

1. San Francisco (5-0) (92)
2. North Car. State (7-0) (13)
3. Utah (5-0) (9)
4. Dayton (6-0) (2)
5. Brigham Young (6-0) (2)
6. North Carolina (6-0) (1)
7. Holy Cross (5-0) (11)
8. Vanderbilt (4-0) (9)
9. Kentucky (4-1) (2)
10. Iowa (3-1) (1)

**THE SECOND TEN**

11. George Washington (5-0) (7)
12. Temple (5-0)
13. Marquette (5-1)
14. Duke (5-0) (1)
15. Oklahoma City (4-0) (1)
16. Alabama (4-2)
17. Illinois (3-1)
18. Indiana (3-1) (5)
19. Memphis State (3-0)
20. Duquesne (4-2)

(Note: Kentucky Wesleyan received two first-place votes and Louisville one).

## Plymouth Loses 1st, Diller Romps

DILLER—Diller handed a spasmodic Plymouth team a 47-39 loss here Tuesday night. It was Plymouth's first loss in six starts.

The visitors scored two points in the first period, roared back with 23 in the second quarter and then cooled off and hit only three during the third period.

Dwayne Castor tallied 16 points and Virgil Carlton 11 to lead Diller. Ron Panetitz scored 14 to pace Plymouth.

## Frankie Albert Mentioned As Next Mentor For 49ers

By CHRIS EDMONDS  
SAN FRANCISCO (AP)—Frankie Albert, one of the "original" San Francisco 49ers, "definitely is under consideration" as next head coach of the National Football League team, Owner Tony Morabito said Tuesday night.

"I can't say yes and I can't say no," Morabito replied in answer to a direct question as to whether Albert would succeed Norman (Red) Strader, dismissed Monday after serving one season on a 3-year contract.

Albert, All-America quarterback at Stanford in 1940-41, was Strader's backfield coach this fall when the 49ers finished with the second worst record in their history—four victories against eight defeats. The

1940 Stanford team, with Albert at quarterback, whizzed through an undefeated season and beat Nebraska in the Rose Bowl.

## Hebron Wins 4th, Clips Friend, 69-40

HEBRON—Hebron won its fourth straight basketball game Tuesday night, clipping friend, 69-40.

Mel Harmon, a 6-4 junior, poured in 26 points to pace the winners. Corky Rowley contributed 11.

Howard Ach hit 11 for Friend.

Hebron..... 15 15 16 23-69  
Friend..... 11 4 14 11-40

## Valentine Trims Stuart, 44-36

VALENTINE — Coach Bud Larsen's Valentine quintet tripped Stuart 44-36 here Tuesday night.

Valentine's well-balanced attack was led by Bud Villeret with 11 and Jerry Stain with 10.

Lowell Seger paced Stuart with 18 points.

In a preliminary game Cody beat the Valentine sophomores, 44-41.

Valentine..... 11 15 12 6-44  
Stuart..... 8 12 5 11-36

## Alma Tramples Red Willow, 58-30

ALMA — Lannie Andres and Larry Parker scored 18 points each and Lester Housen added 10 as Alma beat McCook Red Willow, 58-30.

Mike Sprague hit eight for Red Willow. Alma's record is now 4-1.

Red Willow..... 8 14 4 4-30  
Alma..... 16 10 12 20-58

## Elmwood Wins Fourth Straight, Rips Nehawka

ELMWOOD — Robert Hall's 19 points topped Elmwood in an 84-41 conquest of Nehawka. Eleven men scored for the Pirates, who won their fourth game without a loss.

Nehawka..... 5 19 4 13-41  
Elmwood..... 14 24 25 17-84

## Purdue Turns Back Butler, 67-59

LAFAYETTE, Ind. (AP)—Lamar Lundy, pass-catching football end, played his best basketball game of the season and Purdue turned back Butler University Tuesday night in a sharpshooting contest, 67-59.

Purdue lost leading scorer Ron Jecha with a knee injury of undetermined seriousness.

## Sprague-Martel Wins

HALLAM — Sprague-Martel posted a 63-51 victory over Cortland here Tuesday night behind the 23 point shooting of Ray Palmer.

Ron Lahm, Cortland sharpshooter, won scoring honors for the night, however. He poured in 27.

Sprague-Martel..... 15 11 20 17-63  
Cortland..... 12 13 10 16-51

## Cedar Bluffs Tips Yutan By 64-46

CEDAR BLUFFS—Cedar Bluffs won its third Saunders County Conference game when they defeated Yutan 64-46.

Cedar's Lynn Nick flipped in 18 points to pace the winners. The high scoring honors for Yutan were shared by Charles Frahm and Wesley Zaugg, each with 12 points.

Cedar Bluffs..... 9 14 17 23-64  
Yutan..... 4 11 14 17-46

## Marietta Wins Fifth Straight

BELLWOOD—Marietta added another win to their season record to make it five straight victories as they dropped Dwight Assumption 60-31, here Tuesday night.

Marietta's senior forward Don Semin hit 25 points to pace the winning team. Assumption's Melvin Patocka made 11 points to lead his team.

Marietta..... 22 10 20 8-60  
Dwight Assumption..... 10 1 2 18-31

## Kearney Rallies To Beat Holdrege

KEARNEY — Kearney came back after trailing the first quarter to overpower Holdrege, 53-49, here Tuesday night.

Bob Jennings led the Bearcats with 16 points to win the Southwest Conference opener.

Holdrege's Charles Smith was high for the losers with 16 points.

Kearney..... 8 17 19 14-53  
Holdrege..... 14 10 13 12-49

## St. Paul Breezes, Whips Stromsburg

ST. PAUL—St. Paul breezed past Stromsburg here Tuesday night 71-34, as a pair of sharpshooters led the St. Paul attack.

Mickey Hile tallied 22 points and Dale Scheibe tossed in 18 for the winners.

Doug Colberg dropped in half of Stromsburg's total by scoring 17 points.

St. Paul..... 13 24 14 20-71  
Stromsburg..... 10 4 9 11-34

## Tobias 'Twins' Account For 52 Points In Win

TOBIAS — Tobias' high-scoring duo of Bud Painter and Bill Fisher accounted for 52 points as the Class E powerhouse team whipped Shickley, 80-53. It was the fourth win without a loss for Tobias.

Painter scored 27 points and Fisher 25 for the winners, who hit 60 per cent of their shots from the field. Painter controlled the boards for Tobias.

Dick Anderson led Shickley with 21 points.

Shickley..... 8 18 13 14-53  
Tobias..... 18 22 20 20-80

## Link Swimmers Dump Northeast

Lincoln High swimmers won their second straight meet Tuesday by dumping Northeast, 41-36, in the Northeast pool.

The Links' Larry Converse, with a 58.5 in the 100-yard free style, narrowly missed breaking his own pool record for the event. He set the record last Wednesday with a sparkling 58.1.

The event winners:

40-yard free style—First, Taft (LH); second, Smith (NE); third, Crook (NE). Time, 22.1.

100-yard breaststroke—First, Bucklin (NE); second, Usher (LH); third, Thomas (LH). Time, 1:16.3.

200-yard free style—First, Corn (LH); second, Hill (LH); third, Petersen (NE). Time, 2:34.9.

100-yard backstroke—First, Rook (LH); second, Keller (LH); third, Haith (NE). Time, 2:34.9.

100-yard free style—First, Converse (LH); second, Snider (NE); third, Custer (LH). Time, 58.5.

Diving—First, Wilson (NE); second, Landington (LH); third, Stolley (LH).

100-yard individual medley—First, Haith (LH); second, Bucklin (NE); third, Pickett (LH). Time, 1:20.8.

100-yard medley relay—Won by Northeast (Smith, Walton, Crook, Ryan). Time, 1:54.

1600-yard free style relay—Won by Northeast (Smith, Walton, Crook, Ryan). Time, 1:54.

## Brainard Roars Past Garland For 6th Win

BRAINARD—Don Liska and Joe Havlovic poured in 20 points apiece as Brainard scored its sixth straight win at the expense of Garland, 72-25. Garland was held scoreless in the last quarter.

Leland Davis was high point man for Garland with nine.

Garland..... 7 14 4 0-25  
Brainard..... 15 15 9 23-72

## Palmyra Wins, 67-34

PALMYRA — Palmyra smashed Dunbar here Tuesday night, 67-34, as three players soared into double figures.

Mike Roach had 18, Rollie Smith hit 17 and Dick Powers scored 14 to pace Palmyra.

Palmyra..... 17 14 4 0-67  
Dunbar..... 10 9 11 11-34

## Campbell Pastes Fairfield, 79-28

CAMPBELL—Campbell won its Mid-Rivers Conference game to raise its season record to six straight victories, as they defeated Fairfield 79-28.

Vernon Hartman was high point man with 20 points for Campbell.

Campbell..... 23 21 22 13-79  
Fairfield..... 7 4 8 9-28

## Rocket Wrestlers. Get First Victory

FREMONT—Northeast wrestlers won their first dual meet of the year here Tuesday, trimming Fremont 36-11.

Coach Bill Jones' Rocket grapplers limited the Fremont team to only three wins, one by a forfeit.

**RESULTS**

95 pounds—Wyman (Fremont) won by forfeit.

103 pounds—Brown (NE) decided.

112 pounds—Post (NE) won by forfeit.

120 pounds—Eidan (Fremont) decided.

127 pounds—Colon (NE) decided.

133 pounds—Dorner (NE) pinned Lundersen in 1:21.

138 pounds—Nibler (NE) pinned Burns in 2:15.

145 pounds—Lowan (NE) pinned Brunk in 2:25.

Handcock in 2:36.

165 pounds—Welsh (NE) pinned Donaldson in 2:10.

Heavyweight—Grunkey (Fremont) decided.

Exhibitions

Wyman (Fremont) pinned Mason in 5:00.

Post (NE) decided Newburn, 3-0.

Hutchins (NE) pinned Marlowe in :52.

LaRue (NE) pinned Paul in :47.

Tecumseh Dumps Auburn, 46-34

AUBURN—Glen McCoy led Tecumseh's Indians to a 46-34 upset of Auburn in a Southeast Conference game here.

McCoy scored 22 points, including eight field goals and six free throws. Virg Wright added 12 to the Tecumseh total. Wes Ebeler, John Griffiths and Gene Schutte scored eight each for Auburn.

Tecumseh..... 14 11 7 14-46  
Auburn..... 6 9 9 10-34

# Chicago's Billy Pierce Most Effective Hurler

By HOWARD SIGMAND

NEW YORK (INS)—Lefty Billy Pierce of the Chicago White Sox was baseball's most effective pitcher in 1955, a season in which the American League failed to produce a 20-game winner for the first time in its 55-year history.

The slim Chisox southpaw came up with a masterful 1.97 earned run average in the official statistics released Tuesday to top both leagues and rescue some pride for the American League's mound corps.

Although the 28-year-old Pierce showed a 15-10 record for the season, he allowed only 45 earned runs in 33 games and 206 innings to easily qualify as the "stingiest" pitcher.

Five other hurlers got in under the three run mark in the A.L., and three of them were left-handers.

It was generally a year for the southpaws as they took various honors. Tommy Byrne of the New York Yankees (16-5) was the winner of the won-lost percentage championship, rookie of the year Herb Score of the Cleveland Indians contributed a record strikeout performance, Detroit's Billy Hoelt was the shutout leader and Whitey Ford of the Yankees had the most complete games. Whitey was the all-around standout.

Ford, who was second to Pierce with a 2.62 era, won 13 and lost 7, completing 12 games. The chunky lefty tied for the most wins with Boston's skyscraping Frank Sullivan (18-13) and Cleveland's Bob Lemon (18-10).

Cleveland's Early Wynn (2.82), Score (2.35), Sullivan (2.91) and Hoelt (2.39) all performed under the three-run mark in earned run averages.

Score, whose overall record showed 16 wins and 10 losses, fanned 245 men, setting a new strikeout standard for a pitcher in his freshman year. Grover Cleveland Alexander of the 1911 Phillies set the old record of 227.

Hoelt's seven shutouts were tops. Sullivan pitched the most innings (260), started the most games (35), and pitched to the most batters (976).

Bob Turley of the Yankees, who struck out 210, walked the most men, 173. Detroit's Ned Garver had a number of dubious distinctions. The veteran righty allowed the most hits (250), gave up the most runs (115) and the most earned runs (102).

Detroit's Steve Gromek was the gopher ball king. Steve was banged for 26 roundtrippers.

Relief sensation Ray Narleski of the Indians appeared in the most games, 60.

Biggest loser was Jim Wilson of the Baltimore Orioles, with 18.

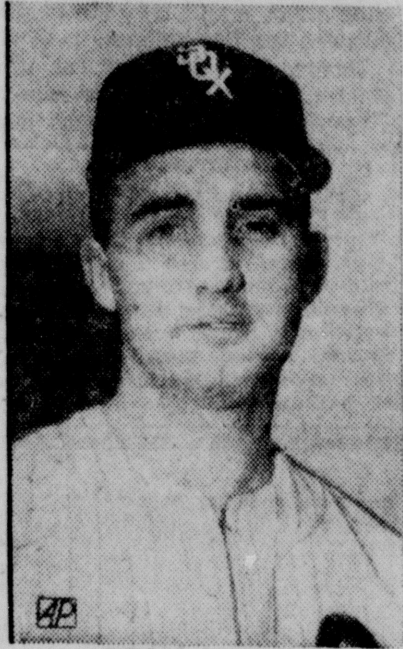

## City Gage Tourney Set For Dec. 27-31

A Holiday Basketball Tournament, open to all city gage teams, will be sponsored by the Salvation Army Red Shield Club.

The tourney will be held Dec. 27-31, at the Red Shield gym at 27th and Potter Streets.

All basketball teams in Lincoln are invited to enter. There is a \$2 entrance fee. Red Shield officials are requesting that all teams file not later than 4 p.m. Friday.

Team managers can contact tourney officials by calling 2-5855.

BILLY PIERCE

## Recreation Slate For City Listed

A boys' Christmas vacation recreation schedule at all secondary schools has been announced by the Lincoln Public Schools.

The gyms will be open to boys who wish to take advantage of the facilities, from 9 a.m. to 11:30 a.m. and from 1 p.m. to 3:30 p.m., on Dec. 22, 23, 27, 28, 29 and 30.

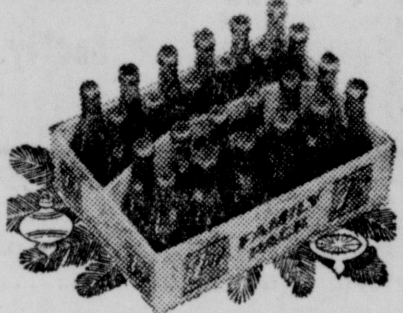

The gyms will be closed on Dec. 24, 25, 26 and from Dec. 31 to Jan. 2.

Personnel in charge of the programs at the various schools are Bill Brazil, Everett, Bill Heggen, Irving, John Fox, Millard Lefler, Robert Hafemeister, Lincoln High; Boyd Thompson, Northeast High; Glenn Fosnot, Southeast High; and Charles Worrall, Whittier.

## Hurler Quits School, Signs With Detroit

GASTONIA, N. C. (AP)—The Detroit Tigers Tuesday signed Roger Sheppard, 18, star high school pitcher, and sent him to Augusta, Ga., of the Class A South Atlantic League.

Scout Nick Ferrell signed Sheppard at undisclosed terms. Two weeks ago Sheppard dropped out of the University of North Carolina, where he was a freshman on a baseball scholarship.

# Boyd Solid Favorite Over Scortichini

ST. LOUIS (AP)—Bobby Boyd, the nation's ninth-ranking middleweight, rules a solid favorite to pick up his sixth straight victory in a 10-round bout with Italo Scortichini at the St. Louis Arena Wednesday night.

Boyd, who knocked out George Johnson in one of those last five victories, probably will have a 3 or 4-pound weight advantage and stands about 3 inches taller than his hustling Italian opponent.

The 160-pound limit bout will be televised both nationally and locally (ABC-TV at 9 p.m. CST).

Boyd, of Chicago, is a hard hitter with a record of 36 victories in 44 fights, 21 by knockouts. He's lost six times and has had two draws.

Scortichini, an aggressive boxer, isn't rated as a puncher in Boyd's class although he has 10 KOs in his 28 victories.

The short, squat Italian has a crowding style and could give Boyd some trouble. The Chicagoan

likes to get set for his heavy punches.

Boyd has indicated he likes to mix it up with this type of fighter.

## Fremont, Hastings Seek Big 10 Wins

Fremont and Hastings, both defeated in their first Big Ten Conference games, look for their initial league victories tonight in the feature games of a sparse Nebraska high school basketball program.

Fremont is at Columbus, tabbed as a possible East Division power. Hastings visits Norfolk.

In other top games York is at Wahoo and Boys Town, a Class AA title contender, meets strong Abraham Lincoln of Council Bluffs.

Lincoln High is at Grand Island and Falls City visits Northeast in games that should provide sizzling action.

though, saying he is at his best when not chasing an opponent around the ring.

"My trainer fixes me for any style," Boyd said as he and Scortichini went through final workouts. "It won't make any difference at all."

Under Missouri boxing rules, the fighters split 10 points a round based on the opinions of the referee and two judges.

## Ex-Senator Joe Haynes Club VP

WASHINGTON, (AP)—Joe Haynes, former pitcher and now a coach with the Washington Senators, Tuesday was elected a vice president of the American League baseball club.

Haynes' wife is the former Thelma Griffith, daughter of the late Clark Griffith, who was president of the club for many years.

## Mumps Beds Rams' McLaughlin

LOS ANGELES (AP)—Already hard hit by the loss of full-back Tank Younger, the Los Angeles Rams' National Football League title hopes against Cleveland were dealt another serious blow Tuesday when offensive center Leon McLaughlin went to bed with the mumps.

The team physician said it will not be known until later in the week if the 228-pound veteran will be able to play next Monday.

So Coach Sid Gillman, who has had to be a patchwork genius all

season, set about to fill the gap. Bobby Cross was shifted from left tackle to center and Glen Holtzman moved into the tackle position.

Younger, the club's best power runner, definitely is out of the title game.

Dan Towler, once the NFL's leading ground gainer, stepped back into the spotlight and Gillman said he has been pleasantly pleased with Towler's showing at fullback in practice.

## Majeski To Pilot Indian Farm Club

CLEVELAND (AP)—The Cleveland Indians Tuesday signed Hank Majeski, their former utility infielder, to manage the Tribe's Class C farm club at Daytona Beach, Fla.

The 39-year-old Majeski, who played for Cleveland in 1954, was traded last season to the Baltimore Orioles. He finished the season as a scout.

THE LINCOLN STAR 15  
Wednesday, December 21, 1955

Michigan State's Jerry DaPrato, a star of the 1915 baseball team, scored 32 points against Marquette that year.

# Army Engineers Solve Problem Of Fallout-Contaminated Drinking Water

FORT BELVOIR, Va. (AP)—The Army's engineers said Tuesday they have developed a mobile water purification unit which can make a radioactive water safe to drink in 30 minutes.

It means the engineers have solved the problem of water contamination produced by fallout from the explosion of atomic and hydrogen bombs.

In fact, the engineers reported, the truck-mounted unit would eliminate water contamination even though the enemy employed his whole range of chemical, bacteriological and radiological weapons.

**3,000 Gallons**

Further, the engineers added, the machine can turn out 3,000 gallons of drinking water an hour from the most polluted stream in the world—and has.

"I guess," said Harry N. Lowe Jr., "we can tell the story now. For the past three years we have been using that machine to produce drinking water during the Veterans' Day celebrations at Anacostia Air Base."

"Some 10,000 to 15,000 people," Lowe continued, "have drunk our water every Veterans' Day. The water came from the Anacostia River — probably the worst polluted stream in the world."

**Research Branch**

Lowe is head of the sanitary engineering branch of the engineer's research and development laboratories here, which developed the unit.

This same unit was used to produce 99,000 gallons of pure water for Stroudsburg, Pa., when that Pa., when that city's water system became contaminated by floods last fall.

The heart of the unit is a coagulator and filter. In the coagulation process all solids are removed from the water chemically and chlorine added. The water then passes through a filter of diatomaceous silica — pulverized limestone.

**Filter Barrier**

The combination of filter and chemical treatment provides a barrier to the organisms which cause dysentery and schistosomiasis, a serious water borne disease found in the Far East. It also eliminates radioactivity.

The unit can be operated by one man. It can be put together by three men in less than 90 minutes.

The filters, Lowe said, have to be changed every six hours of operation.

## Home Lighting Judging Goes On Wednesday

The National Home Lighting Contest sponsored by the Lincoln Junior Chamber of Commerce and Consumers Public Power District has attracted 51 entrants from Lincoln.

For judging purposes the entries have been divided into four districts. The top three displays in each district will be awarded prizes and the grand city winner will be entered in the National Home Lighting Contest.

Display judging began Tuesday night and will continue Wednesday from 7 to 10 p.m. at the addresses of the entries:

- |                   |                   |                   |                   |

## Man, 25, Fined \$50 In Morals Case

A 25-year-old Illinois man was fined \$50 Tuesday after pleading guilty in Lancaster County Court on a charge of contributing to the delinquency of a 16-year-old Lincoln girl.

The defendant, John B. Pacenti, who had been in Lincoln about three days, admitting taking the girl to his apartment at 618 So. 19th and having sexual relations with her after a movie.

A deputy county attorney told the court that the girl had admitted previous sexual experiences.

Pacenti told the court he had lived about three weeks in Omaha before coming to Lincoln.

## Unimpressed

NASHVILLE, Tenn. (AP)—Two-year-old Michael Bohan was making his first visit to a department store Santa Claus.

"And what do you want for Christmas, little man?" Santa asked the apprehensive youngster on his knee.

"I want down!" Michael replied without hesitation.

## William Edwards, City Employee, Dies While On The Job

William F. Edwards, 63, of 1201 Nelson, an employee of the City paving and repair department, died while at work Tuesday.

Mr. Edwards was working near 48th and Randolph when he suffered a heart attack. He was taken to St. Elizabeth's Hospital where he was pronounced dead on arrival.

A resident of Lincoln for 30 years, Mr. Edwards was a member of the First Methodist Church.

Surviving are his wife, Minnie; sons, Harold, Ora, Andrew, Dean, Donald, Richard, Edward and Gary, all of Lincoln, and Pvt. Glen Edwards of the Panama Canal zone; daughters, Mrs. Grace Watson, Mrs. Dorothy McDaniel and Mrs. Billie Van Dyke, all of Lincoln, and 17 grandchildren.

## Firemen Sought

MASON CITY, Iowa (AP)—A fire went out looking for some firemen to put it out.

It happened when a portable welder caught fire at the Thomas Machine Shop.

Shop owner Ralph R. Thomas hitched the welder to the rear of his truck and set out to meet the firemen. Then he saw them traveling down a different street. He followed the fire engines.

Thomas arrived back at the plant right behind the fire trucks. By that time the fire was out.

## Overworked Eyes?

When eyes burn and smart due to overwork, driving, exposure to dust or wind, bathe them with LAVOPTIK Eye Lotion. Boreness, tired feeling, itching from local irritations all relieved or money refunded. 42 years success. Thousands praise it. Get LAV-OP-TIK Eye Lotion today. At all druggists.

# Backward Afghanistan May Become Red Showcase

KABUL, Afghanistan (AP)—Afghanistan, a Moslem kingdom with autocratic government, may emerge as Soviet Russia's show-room for displaying the wares of communism before millions of Asian eyes.

Premier Bulganin and Communist party boss Khrushchev in a visit which ended yesterday gave Afghanistan a 100 million dollar long-term loan for economic development.

That sum can provide many projects to show the rest of Asia what the Soviet Union is capable of doing for its friends.

No Railroads

Few countries have as little as Afghanistan. There are no railroads, and highways are nothing more than dirt tracks. Hospitals and schools are scarce. Few places have electricity, telephones, automobiles or proper water and sanitation installations.

With this background the Russians have considerable scope for getting a very showy return for their money.

Keeping this in mind, Western diplomats here regarded the Russian aid program as something that Moscow probably decided to do without demanding a price from Kabul.

Some of these diplomats last week said the price of Soviet aid might be a demand that Kabul restrict American government activities such as the U.S. Information Service in this country bordering Russia.

To Alay Fears

Tuesday these same observers are beginning to think the Russians will avoid showing any interference in Afghan affairs. The Russians are determined to behave, these observers say, in order to minimize fears about Asian countries might have about seeking or accepting Soviet economic cooperation.

The Afghan government of Premier Mahmoud Daud is believed to represent another reason the Russians would want to maintain model behavior here.

Daud, who holds almost dictatorial powers, is described as a man anxious to take what he can from Russia but confident he can keep even the faintest trace of communism from Afghanistan.

Might Succeed

There are many diplomats here who believe he can succeed—that he has already obtained much more from Bulganin and Khrushchev than he gave.

These observers said the sole immediate Russian gain is the propaganda value of joint Soviet-Afghan accords. This gain is considered of minimum value in Afghanistan where few can read, and where the Daud government controls what those few do read, and has already indicated it is not eager to stir public enthusiasm for Russia.

## No Report Yet On Jet Crash

No report has yet been released on the investigation of the Sunday crash of a Navy jet fighter which left three persons dead, six planes destroyed and the Navy hangar burned to the ground.

Information on the tragedy is being gathered by a group of high officials from the Naval Air Reserve Training Command headquarters at Glenview, Ill., and by a team of men representing the company which manufactured the plane.

Officials reported that the investigation would probably not be completed before the end of the week.

Results of the military investigation are expected to be reported to Command headquarters.

Meanwhile, funeral arrangements have been completed for the men who lost their lives in the tragedy. The funeral for Lt. (jg) Vernon R. Chapman Jr., pilot of the run-away plane, will be at 11 a.m. Wednesday at St. Stephen's Episcopal Church in Grand Island.

Services for Kenneth Cecil Newman will be at 1 p.m. Wednesday at Sheridan Lutheran Church in Lincoln, with the Rev. E. W. Phillips officiating. Burial will be in Lincoln Memorial Park.

The funeral for Hubert Lee Tracy will be at 1:30 p.m. Thursday at Immanuel Lutheran Church at York. The Rev. Herman H. Hopmann will officiate and burial will be in Greenwood Cemetery at York.

## Arthur Thomsons Return After Rest

Mr. and Mrs. Arthur Thomson arrived in Lincoln Tuesday morning following a recommended rest in Colorado.

The rest had been advised by a physician.

The Lincoln couple had been reported missing, but themselves were surprised when informed of this at a Boulder, Colo., motel where they were staying.

Thomson is president and owner of the Bethany Plumbing and Heating Co. at 2141 No. Cotner.

## Safecrackers Hit Tire Firm A Second Time

A safe at the Hompes Tire Co. yielded \$1,925 to burglars sometime during the night Monday for the second safecracking there in three months.

All the missing funds were in cash.

Last October, the firm lost \$2,625 in cash when burglars broke into the safe. Entrance to the building was gained by breaking out a section of window near the window lock on the west side of the building.

The knob was knocked off the safe and the dial pin punched out. The safe door was left standing slightly ajar by the safecrackers.

The safe is located under the cash register. The loss was discovered by employee Gordon Bennett of 1945 So. Cotner.

"Homes for Sale" in the Want Ads of the Journal & Star is Lincoln's real market place of available property. Hundreds offered every week. Check them now.

## Bolling To Run

KANSAS CITY (INS)—Rep. Richard Bolling (D-Mo) announced he will seek re-election.

Sent to Washington in 1948, Congressman Bolling has represented the Fifth District (Kansas City) in the 81st and three succeeding Congresses.

# Eight More Nebraska Weeklies Quit Publication During 1955

With eight more Nebraska weekly newspapers folding up shop during 1955, just 276 newspapers remain in Nebraska of the 725 in business in 1914.

This continued a consolidation trend apparent since before World War I, Vern Scofield, manager of the Nebraska Press Association reported in a year's end report on Nebraska's fourth estate.

The eight-newspaper loss was partially redeemed, however, by two new weeklies begun this year.

Were 2 In Every Seat

Three decades ago, virtually every county seat in the state had at least two and sometimes three weeklies, Scofield noted.

At one time in the 1890's there were five papers in Neligh, then a town of about 1,000.

Today only eight Nebraska towns have competing weeklies—Blair, Lexington, Neligh, O'Neill, St. Paul, South Sioux City, West Point and Valentine. Several larger cities have competing weeklies and dailies and some towns have two weeklies under the same ownership.

The 1956 Nebraska Newspaper Directory and Advertising Rate Book, just published by the Press Association, shows that of 276 newspapers in the state, 22 are dailies, 247 are weeklies five are semi-weeklies and two are tri-weeklies.

The eight publications which folded during the year were the Seward Blade, Ulysses Dispatch, Schuyler Call, York Republican, Harrisburg News, Thedford Grassland News, Utica Sun and Millard Mercury. Subscription lists were taken over by nearby newspapers.

News-weeklies inaugurated were the Bancroft News, started March 1 by Willard Diederichs and published in the Pender Times Plant, and the Decatur Advertiser, published by M. D. and Fred Hemphill from their Tekamah Burt County Plaindealer plant.

Despite consolidations, circulation of country newspapers has climbed slightly — from 319,413 to 319,636 — in the past year. Daily newspaper circulation is down slightly, from 488,434 to 478,046.

**903,994 Circulation**

Total Nebraska newspaper circulation is listed in the new directory as 903,994.

Other newspaper facts noted by Scofield:

Twenty-one changes in ownership or management, and 13 changes in editorship, occurred during the year.

As of Jan. 1 you will be able to buy a one-column-inch ad in all the papers in the state for \$188.19. A year ago it would have cost \$191.41.

Fifty-six Nebraska papers will raise advertising rates slightly the first of the year.

The lowest ad rate in the state is 28 cents per column inch, charged by the Bloomington Advocate and Hildreth Telescope.

Despite higher newsprint and labor costs, only 17 newspapers made any kind of raise in subscription prices.

Vern Scofield

## Nebraska-Kansas Truck Reciprocity Begins On Jan. 1

Beginning Jan. 1, there will be complete reciprocity between Kansas and Nebraska in the matter of truck fees, for the first time in 22 years.

Director Dale Rogers of the Nebraska Motor Vehicle Division said he signed the agreement with Kansas officials last week.

"This means our operators going into Kansas can go without paying the mileage fee," he explained.

The Kansas ton-mile tax on trucks, repealed by that state's 1955 Legislature, expires at the end of this month.

There have been some exceptions to the tax—pick-up and panel trucks, and trucks hauling livestock and farm produce have been allowed to operate across the line without paying the tax.

Rogers explained that despite the lifting of the ton-mile tax, truckers will still be required to qualify with the Kansas Corporation Commission to operate in that state.
